CASCADE COUNTY

Board of County Commissioners

325 2nd Avenue North Great Falls, MT 59401 Tel. 406.454.6810 Fax 406.454.6945 commission@cascadecountymt.gov www.cascadecountymt.gov

May 17, 2021

Citizens of Cascade County, Montana:

State law requires that all general-purpose local governments publish (within six months of the close of each fiscal year) financial statements conforming with Generally Accepted Accounting Principles (GAAP). Within one year, the financial statements are to be audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. We hereby issue the Comprehensive Annual Financial Report for Cascade County for the fiscal year ending June 30, 2020.

This report contains management's representations of Cascade County's finances. The Board of Cascade County Commissioners and Clerk and Recorder assume full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, a comprehensive internal control framework has been established and implemented. These guidelines protect the government's assets from loss, theft, or misuse and provide for the compilation of reliable data to prepare financial statements in conformity with GAAP. In balancing the cost-benefit of these internal controls, Cascade County's framework has been designed to provide reasonable assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge, this financial report is complete and reliable in all material respects.

WIPFLI, LLP, a firm of licensed, certified public accountants is currently in the process of auditing Cascade County's financial statements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used; significant estimates made by management; and evaluating the overall financial statement presentation.

The independent audit of Cascade County's financial statements is part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report both the fair presentation of the financial statements, and also the internal controls and compliance with legal requirements, with special emphasis on the administration of federal awards.

GAAP requires a narrative introduction, overview, and analysis accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A. Cascade County MD&A can be found immediately following the independent auditor's report.

Profile of the Government

Cascade County was incorporated September 12, 1887. The county seat is the City of Great Falls. The County covers an area of 2,659 square miles in north-central Montana. The estimated population was 81,327, as of July 1, 2020. The County is governed by a board of three County Commissioners elected by the voters of the County.

Cascade County has all the normal powers afforded to Montana counties under the Montana Code Annotated (MCA). Namely, it is a body politic and corporate. Its powers include the power to sue and to be sued, to purchase and hold lands within the county limits, to purchase and hold personal property as may be necessary, to serve as the taxing authority, the contracting body, and the chief administrators of public services for the County. The Board of Cascade County Commissioners is responsible for management of the County, its property, and its finances. The County Commissioners supervise the conduct of all County offices and ensure all duties are faithfully performed. Other officials elected by the voters of the County are the County Attorney, County Treasurer/Superintendent of Schools, County Clerk and Recorder/Auditor/Assessor/Surveyor, Sheriff/Coroner, two Justices of the Peace, Clerk of District Court, and the County Public Administrator.

Cascade County provides a full range of services, including public safety; public works; public health; social and economic services; culture and recreation; housing and community development; and conservation of natural resources. Solid Waste sanitation services are provided through an enterprise fund. The Montana ExpoPark is also an enterprise fund.

The annual budget serves as the foundation for Cascade County's financial planning and control. All Departments within Cascade County are required to submit requests for appropriation to the County Budget Officer in early spring. The Budget Officer uses these requests as the starting point for developing a proposed budget. The government's Budget Officer then assembles a proposed budget for Commission review and adjustment. As required, the Commission conducts public hearings on the proposed budget and adopts a final budget by the later of September 1 or 30 days from the receipt of the certified taxable values.

The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., sheriff). By policy, Department Directors may make modifications within a fund, with prior approval by the Budget Officer. An increase of appropriations in a fund; however, requires approval of the Board of County Commissioners at a public meeting.

Factors Affecting Economic Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Cascade County operates.

Local Economy

Cascade County's economy is driven primarily by the public sector, with the primary employer being the military. Malmstrom Air Force Base, oversees nearly 4,800 military and civilian employees, and the Montana Air National Guard (MANG) manages an additional 1,089 employees at the airport. With such a military dependency, the County's economy is vulnerable to changes occurring at the air force base and to MANG. The second largest employment sector in Cascade County is health care and health care-related services, which account for approximately 5,000 jobs in the County.

According to the University of Montana Bureau of Business and Economic Research, slow growth in Cascade County reflects conditions in the trade and services industries. Great Falls serves as a trade and service center for North Central Montana, a region most dependent upon agriculture. The region is also dependent on tourism, especially travelers from Canada, primarily the province of Alberta which accounts for the largest number of out of state visitors to Montana. Cascade County's economy continued its slow growth in FY 2020. As property taxes are the primary revenue source for County operations, the County forecasts slow growth in taxable values into the next fiscal year and beyond. Some industrial and business growth occurs in the area due to the county's proximity to both the Bakken oil fields in Eastern Montana as well as the Oilsands and related industries in Alberta. Some of the industrial growth, however, is in Tax Increment Financing (TIF) districts, therefore the added taxable values of the growth will not be realized in County revenues for several years. According to the Great Falls Development Authority, total wages in Cascade County grew 11.4% over the three years ending second quarter 2017, adding \$153 million in annual wage earnings. Manufacturing employment has averaged 6.1% annual growth over the past 16 quarters.

Long-term financial planning

The County is working to develop an overall Long-Term Financial plan that will forecast revenues, expenditures as well as incorporate Capital needs over the next 5-10 years. This plan will be outlined in future fiscal years.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance and administration departments, as well as the respective Department Directors and their accounting staff. We would like to express our appreciation to all members of the Departments for maintaining the highest standards of professionalism in the management of Cascade County's finances.

Respectfully submitted,

James L. Larson

Chairman

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners Cascade County Great Falls, Montana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Cascade County (the "County"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Cascade County Independent Auditor's Report

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Cascade County, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States require that a management's discussion and analysis, Schedule of Proportionate Share of the Net Pension Liability, Schedule of Contributions to the Montana Retirement System, Changes in Total OPEB Liability, and the budgetary comparison schedules on pages 14 through 21, 80, 88, and 89 through 91, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying combining statements, nonmajor fund budget and actual statements, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Cascade County Independent Auditor's Report

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 17, 2021 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Great Falls, Montana

May 17, 2021

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Cascade County, a political subdivision of the State of Montana, we offer readers of the Cascade County's financial statements this narrative overview and analysis of the financial activities of Cascade County for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the County's basic financial statements, which follow this section.

Financial Highlights

- The total assets of Cascade County exceeded its liabilities at the close of the most recent fiscal year by \$55,269,359 (net position).
- As of the close of the current fiscal year, Cascade County's governmental activities reported ending net position of \$47.017,930.
- At the end of the current fiscal year, fund balance for the general fund was \$5,386,684.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Cascade County's basic financial statements. Cascade County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of Cascade County's finances, in a manner similar to a private-sector business.

The *statement of net positions* presents information on all of Cascade County's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Cascade County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e., uncollected taxes and earned but unused compensated absences).

Both of the government-wide financial statements distinguish functions of Cascade County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of Cascade County include general government, public safety, public works, public health, social and economic services, culture and recreation, housing and community development, conservation of natural resources, and interest on long-term debt. The business-type activities of Cascade County include a Solid Waste Disposal Fund, a Bulk Water Fund, and Montana Expo Park (fairgrounds).

The government-wide financial statements can be found on pages 23 - 28 of this report.

Fund financial statements A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Cascade County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Cascade County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds Governmental funds are used to account for essentially the same functions reported as governmental activities in government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Information on the County's Governmental Funds is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road, (special revenue) and the Public Safety Fund (special revenue) which are considered major funds.

Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining schedules* elsewhere in this report.

Cascade County adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for all governmental funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 23-25 of this report.

Proprietary funds Cascade County maintains two different types of proprietary funds, enterprise and internal service. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Cascade County uses enterprise funds to account for its Water Operating, Solid Waste Disposal Services, and Montana Expo Park. *Internal service funds* are an accounting device used to accumulate and allocate costs internally throughout Cascade County's various functions. Cascade County uses internal service funds to account for its cost of its Fleet and the County printer.

Proprietary funds provide the same type of information as the government-wide financial statements, except for internal balances, only in more detail. The proprietary fund statements reconcile internal balance to business-like activities. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 32-35 of this report.

Fiduciary funds Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support Cascade County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 38-39 of this report.

Notes to the financial statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on page 40 of this report.

Required Supplemental Information The budgetary comparison schedule for the general fund and the County's two major governmental funds, Road and Public Safety, the schedule of funding progress for post retirement healthcare benefits, and new in 2015 the schedule of Proportionate Share of the Net Pension Liability and Schedule of Contributions to the Montana Retirement System are presented on pages 92-106

Other information combining and individual fund statements and schedules referred to earlier in connection with non-major governmental funds, internal service funds, and fiduciary funds can be found on pages 108-283 of this report.

Government-wide Financial Analysis

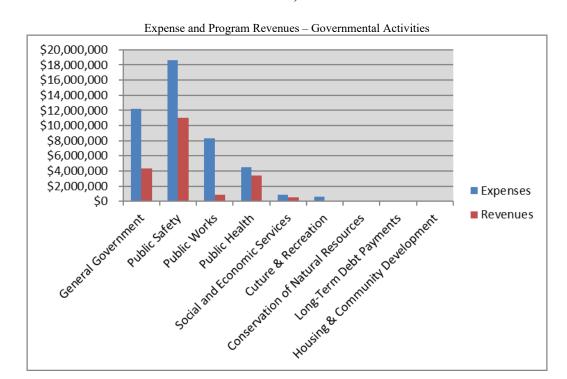

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Cascade County, assets exceeded liabilities by \$55,269,359 at the close of the most recent fiscal year.

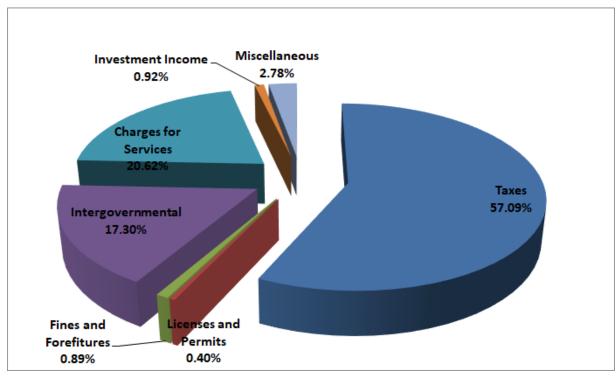

The largest portion of Cascade County's net position reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment, infrastructure, improvements other than buildings), less any related debt used to acquire those assets that is still outstanding. Cascade County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although Cascade County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Financial Analysis of the County's Funds

As noted earlier, Cascade County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The County has implemented **Government Accounting Standards Board Statement 54**, "Fund Balance Reporting and Governmental Fund Type Definitions". As of the end of the current fiscal year, Cascade County's governmental funds reported combined ending fund balances of \$21,316,466. The County's fund balances' were classified as follows:

- Restricted \$2,794,069 (13%) consists of required reserves mandated by granting agencies, State or Federal law.
- Committed \$5,133,114 (24%) consists of reserves that the Board of County Commissioners have mandated for governmental funds to have.
- Assigned \$8,519,856(39%) consists of funds that can be used for specific purposes.
- Nonspendable \$1,406,970 (7%)
- Unassigned \$3,717,034 (17%) consists of reserves that were considered as a surplus.

The general fund is the chief operating fund of Cascade County. At the end of the current fiscal year, fund balance of the general fund was \$5,386,683. This consisted of \$1,669,021 committed reserves and \$3,717,034 unassigned reserves. As a measure of the general fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. Fund balance represents approximately 51 percent of the total general fund expenditures and other financing uses for FY 2020.

Proprietary funds Cascade County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of Non Major Proprietary Funds at the end of the year amounted to \$693,194. These funds include the Bulk Water and the Solid Waste Disposal.

Unrestricted net position of the Montana Expo Park at the end of the year amounted to \$296,740. This is the County's only Major Proprietary Fund since the Health Clinic is no longer part of the County.

Capital Asset and Debt Administration

Capital Assets Cascade County's investment in capital assets for governmental and business type activities as of June 30, 2020, amounts to \$62,480,261 (net of accumulated depreciation). This investment in capital assets includes land, land easements, construction in progress, buildings, improvements, machinery and equipment, roads, and bridges.

Additional information on Cascade County's capital assets can be found in note 6 on pages 58-61 of this report.

| Loans | 1,544,586 | 1,924,785 | 1,825,793.00 | 2,000,000.00 | 3,370,379 | 3,924,785 | |
| Special Assessent Debt with Government Committment | 33,392 | 40,902 | | | 33,392 | 40,902 | |
| Total Debt | 1,577,978 | 1,965,687 | 1,825,793 | 2,000,000 | 3,403,771 | 3,965,687 | |

At year-end the ExpoPark had an outstanding balance of \$432,003 owed to the County Health Insurance Fund as two in-house loans for bleachers and energy efficiency modifications.

State statutes limit the amount of County indebtedness to 2.5% of the total assessed value of taxable property. The current debt limitation for Cascade County is \$266,900,773, which is significantly in excess of Cascade County's outstanding debt.

Additional information on Cascade County's long-term debt can be found in note 7 on pages 60-62 of this report.

Economic Factors and Next Year's Budgets and Rates

- The non-seasonally adjusted unemployment rate for Cascade County in June 2020 was 2.69%, which is .5% lower when compared to June 2019. The unemployment rate for the State of Montana in June 2020 was 3.1%
- Economic growth remains slow for Cascade County, with a small economic upturn becoming noticeable.
- Industrial growth is increasing, however much of it is occurring in the City and County Tax Increment Financing (TIF) districts, and thus is not included in newly taxable property.

Requests for Information

This financial report is designed to provide a general overview of Cascade County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Board of County Commissioners, 325 2nd Ave. N., Great Falls, MT 59401, or 406-454-6810.

Cascade County

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities For the Year Ended June 30, 2020

| Net change in fund balances - total governmental funds | | \$6,008,731 |
|---|-------------|-------------|
| Amounts reported for governmental activities in the statement of net position are different because: | | |
| Capital additions are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are: | | |
| Capital Outlay | 2,344,731 | |
| Depreciation Expense | (3,152,205) | |
| Additions acquired from CIP Prior year, Donation, and in-house Labor | 181,036 | (222, 422) |
| In the statement of activities, the loss or gain on the sale or disposal of capital assets is recognized. The fund financial statements recognize only the proceeds from the sale of these assets: | | (626,438) |
| Reassignment of Asset from Government to Proprietary Funds | (3,216) | |
| Loss on capital asset disposal under accrual basis of accounting | (3,048) | |
| Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. In the current year, these amounts consist of bond repayment and intercap loan | | (6,264) |
| repayment. | | 387,709 |
| Governmental funds report taxes that are measurable but not yet available at year end as deferred tax revenue. However, in the Statement of Activities this is considered earned tax revenue. | | (2,375,544) |
| Net revenue(loss) of internal service funds | | (623,003) |
| Compensated absences are expended as used in the governmental funds. However, they are expensed as earned on the statement of activites. In the current year, the amount earned was more than the amount used. | | (249,169) |
| In the statement of activities, the cost of other post-employemnt benefits (OPEB) is measured by the increase in net OPEB obligation during the year, while in the governmental funds, expenditures are recognized based on teh amounts actually paid for the OPEB costs. This is the amount of the increase in the OPEB obligation in excess of the amount paid in the current year. | | |
| | | (34,668) |
| Governmental funds do not record on-behalf payments related to pensions as revenue, or pension expenses related to increases in the net pension liability. This is because the County doesn't actually receive the revenue, or use | | |
| current financial resources for the pension expense. However, in the statement of activities both on-behalf revenue and pension expense are | | 237,536 |
| Change in net position of governmental activities | | \$2,718,890 |

Notes to the Financial Statements

Note 1 - Summary of Significant Accounting Policies

The basic financial statements of Cascade County are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), applicable to government units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting.

A. Reporting Entity

The County of Cascade, Montana is a political subdivision of the State of Montana governed by a three-member Board of Commissioners duly elected by the registered voters of the County. The County utilizes the Commission form of government. The accompanying financial statements present the primary government. The County has no component unit entities for which the government is considered to be financially accountable.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide statements. Major individual governmental funds and major individual enterprise funds are reported in separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied and a protest of the tax is cleared or an amount can be readily determined from an outside source. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Note 1 - Summary of Significant Accounting Policies - Continued

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government. Deferred revenue offsets taxes and assessments receivable remaining uncollected at year-end since they are not available to pay liabilities of the current period.

The County reports the following major governmental funds:

General Fund - This is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Road Fund - This fund is used for operation of the County's Road Department. The main revenue source for this fund is taxes.

Public Safety – This fund is used for operation of the Sheriff's Department and Adult Detention Center. The main revenue sources for this fund are taxes and the rental of jail beds to the State and Federal government.

The County reports the following major proprietary funds:

Montana ExpoPark Enterprise Fund – This fund is used to account for the operation at the fairgrounds. The fund is maintained on the full accrual basis of accounting.

Additionally, the County reports the following fund types:

Internal Service Fund - These funds account for services provided by the government to its various departments or agencies or to other governments, on a cost recovery basis. The County utilized two internal service funds. One is for the cost of the County Printer, and the other one Fleet Maintenance, which tracks the costs of the fleet maintenance department.

Note 1 - Summary of Significant Accounting Policies - Continued

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

Private Purpose Trust Funds – These funds are used to account for resources legally held in trust for use by another government, individual, or organization as identified by the donor or mandated by State Statutes. The use of these funds may be restricted to only the interest earned on the investment of the principal or the entire amount may be used in accordance with the terms of the donor. All of the County's trust funds are mandated by the State Statutes for the following: County Attorney Restitution, utilized to receive and disburse restitution payments; and Emergency Aid, which consists of anonymous donations that can be used to help the indigent.

Investment Trust Fund – Other governmental units may direct the County, in a purely custodial capacity, to invest excess funds. The investment trust fund accounts for these monies invested by other governmental units within the County.

Agency Funds – The County acts as the tax collecting agency for the State and other governmental units located within the County, in a purely custodial capacity. These funds are utilized to account for collections and disbursements to the State and other governmental units.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the governments' enterprise functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions.

Amounts reported as program revenues include: 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Intergovernmental revenues are normally program revenues. The County receives payments-in-lieu of taxes and an Entitlement Revenue from other Governmental units that are considered as general revenue since they come with no restrictions of us. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and the government's internal service funds are charges to customers for services provided. Operating expenses for enterprise funds and internal service funds include the cost of providing such services and the depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

CASCADE COUNTY

Notes to the Financial Statements Year Ended June 30, 2020

Note 1 - Summary of Significant Accounting Policies - Continued

D. Assets, Liabilities, and Net Position or Equity

1. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand and demand and time deposits and short-term investments with original maturity dates of three months or less from the date of acquisition. In addition, the investment with the State of Montana's Short-Term Investment Pool (STIP) is deemed to be cash equivalents since it is sufficiently liquid as to permit withdrawal of cash at any time without prior notice or penalty.

State statutes authorize the County to invest in direct obligations of the U.S. Government, such as U.S. Treasury bills and notes and U.S. Government securities as defined by law, repurchase agreements and the State Short-Term Investment Pool (STIP).

Investments are reported at fair value. The State Short-Term Investment Pool operates in accordance with State laws and regulations and is administered by the State Department of Administration. This pool is not rated.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at fiscal year-end are referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e., the non-current portion of inter-fund loans). Advances between funds are not available for appropriation and are not expendable available financial resources.

Accounts receivables for patient accounts are shown net of allowance for uncollectible accounts. The County does have miscellaneous receivables for services provided (\$12,644 for the Expo Park). In the governmental funds, property tax receivables are offset by deferred revenue accounts since they are not available to pay liabilities of the current period. All property tax levies are set at the time of the adoption of the annual budget. The real estate taxes are payable in two installments, the first due by November 30 and the second by May 31. Personal property taxes are assessed in April or May and are payable within 30 days of the issuance notice.

Grant Receivables for reimbursement grants are included in the Accounts Receivable total. The amount of Grant Receivables at the end of the FY 2020 was \$330,634.

3. Inventories

All inventories are valued at cost using the first-in, first-out method. Inventories are expensed when consumed. Inventories of materials and supplies on hand are maintained for governmental funds.

4. Taxes and Assessments Receivable

Property tax levies were set in August in connection with the budget process and are based on taxable values listed as of January 1 for all property located in the County. Taxable values are established by the State Department of Revenue based on market values. A revaluation of all property is required to be completed on a periodic basis. Taxable value is defined by State Statute as a fixed percentage of market value. The County levies assessments for road and street maintenance, lighting, and various rural special improvement districts (RSID).

CASCADE COUNTY

Notes to the Financial Statements Year Ended June 30, 2020

Note 1 - Summary of Significant Accounting Policies - Continued

D. Assets, Liabilities, and Net Position or Equity - Continued

Real property taxes and special assessments are generally billed in October and are payable 50% by November 30 and 50% by May 31. After these dates, taxes and assessments become delinquent and a lien is placed on the property. Personal property is assessed, and personal property taxes are billed throughout the year, with a significant portion generally billed in May, June, and July. Personal property taxes are based on levies set the prior August. These taxes become delinquent 30 days after billing.

Taxes and assessments that become delinquent are charged interest at the rate of 5/6 of 1% per month, plus a penalty of 2%. Real property on which taxes and assessments remain delinquent and unpaid may be sold at tax sales. In the case of personal property, the property is to be seized and sold after the taxes become delinquent.

The County is permitted by State Statutes to levy taxes up to certain fixed limits for various purposes. The taxes levied by the County for the year ended June 30, 2020, were within the legal limits. The tax levies were based upon a taxable valuation of \$175,703,928.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads and bridges), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets, except for infrastructure, as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of 1 year. Roads are capitalized if the cost of improvements is equal to or greater than \$50,000 and bridges are capitalized if costs exceed \$125,000. Initial capitalization of infrastructure, all roads and bridges, were capitalized regardless of cost or original construction date. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant, equipment, and infrastructure assets of the primary government are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|----------------------------------|--------|
| Buildings | 20-100 |
| Building improvements | 10-30 |
| Improvement other than buildings | 5-10 |
| Machinery & Equipment | 3-10 |
| Paved roads | 20 |
| Gravel roads | 50 |
| Road improvements & additions | 20 |
| Bridges, culverts | 50 |
| Other infrastructure assets | 50 |

Note 1 - Summary of Significant Accounting Policies - Continued

6. Compensated Absences

As required by State law, the County allows employees to accumulate earned but unused vacation and sick leave benefits. Unused vacation leave benefits are 100 percent payable upon termination and ¼ of unused sick leave benefits are payable upon termination. Such amounts are reported as liabilities in the appropriate governmental or business-type activity in the government-wide statements. Expenditures for unpaid vacation and sick leave benefits are recorded when paid in the governmental funds on the modified accrual basis of accounting and expenses for vacation and sick leave benefits are recorded when accrued in the proprietary funds on the full accrual basis of accounting. The governmental funds utilized to liquidate these obligations are the General Fund and Special Revenue Funds.

Vacation leave

Employees earn vacation leave at the rate of 15 days per year for the first ten years. Between 10 and 20 years, employees earn vacation leave at an increasing rate, reaching 24 days per year after 20 years. The maximum allowable accumulation of vacation leave is twice the maximum number of days earned annually as of the end of the first pay period of the next calendar year.

Sick leave

Employees earn sick leave at the rate of 12 days per year. There is no limit on the accumulation of sick leave.

7. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the bond issue using the straight-line method which is materially consistent with the interest method. There were no Bond premiums for the current year. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Note 1 - Summary of Significant Accounting Policies - Continued

8. Deferred Outflows/ Inflows of Resources

The County reports decreases in net position that relate to future period(s) as deferred outflows of resources in a separate section of its statement of net position. Deferred outflows of resources are related to district's pension plans and consist of difference between expected and actual results, changes in actuarial assumptions, difference between actual and expected contributions and contributions made to the pension plans subsequent to the measurement date. No deferred outflows of resources affect the governmental funds financial statements in the current year.

The County's statements of net position and its governmental fund balance sheet report a separate section for deferred inflows of resources. This separate financial statement element reflects an increase in net position that applies to a future period(s). Deferred inflows of resources are reported in the district's statement of net position for actual pension plan investment earnings in excess of the expected amounts and differences between actual and expected contributions included in determining pension expense. In the governmental funds, the only deferred inflow of resources is for revenue that is considered unavailable. The County will not recognize the related revenues until they are available under the modified accrual basis of accounting accordingly.

9. Net Position

In the government-wide and proprietary financial statements, net position accounts are classified in the following categories:

Net Investment in Capital Assets - This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted - this amount is restricted by external creditors, grantors, contributors, laws or regulations of other governments, enabling legislation, or constitutional provisions.

Unrestricted - this amount is all net position that do not meet the definition of "net investment in capital asset" or "restricted net position."

10. Fund Balance

The financial statements have been presented in accordance with the reporting model required by GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The intention of the Statement is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

GASB Statement No. 54 provides for two major types of fund balances, nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash, such as inventories, prepaid amounts, and long-term notes receivable, or they are legally or contractually required to remain intact.

Note 1 - Summary of Significant Accounting Policies - Continued

9. Fund Balance - Continued

In addition to the nonspendable fund balance, GASB Statement No. 54 has provided a hierarchy of spendable fund balances, based on spending constraints, as follows:

<u>Restricted</u> - fund balances that are restricted for specific purposes stipulated by external parties, constitutional provisions, or enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

<u>Committed</u> - fund balances that can only be used for the specific purposes determined by a formal action (ordinance) of the County's highest level of decision-making authority, the Board of County Commissioners. Commitments may be changed or lifted only by the County taking the same formal action that imposed the constraint originally.

<u>Assigned</u> - fund balances that are intended to be used by the County for specific purposes that are neither restricted nor committed. Assigned amounts also include all

residual amounts in governmental funds (except negative amounts) that are not classified as nonspendable, restricted or committed. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service, or permanent fund, are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the County itself.

<u>Unassigned</u> - fund balance of the general fund that is not constrained for any particular purposes. It is also the residual classification for all negative fund balances.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

11. Recent Accounting Pronouncements

The County will be implementing the new GASB Statement No. 84 Fiduciary Activities as of FY2021. Also GASB Statement No. 87 Leases is affective as of FY2021 also.

Note 2 - Compliance and Accountability

A. Budgetary Information

The County adopts an annual budget for all of its applicable funds in accordance with Title 7, Chapter 6, Part 40 of the Montana Code Annotated (MCA). The budget is adopted using the same basis of accounting as the fund financial statements. A non-binding management budget is adopted for the enterprise and internal services funds. Statute requires the adoption of a preliminary budget, public hearings on the preliminary budget and the final adoption of the budget by the later of the second Monday in August or within 45 calendar days of receiving certified taxable values from the Department of Revenue.

State statute limits the making of expenditures or incurring of obligations to the amount of the final budget as adopted or as amended. Budget transfers and amendments are authorized by law, and in some instances, may require further public hearings. Any budget amendments providing for additional appropriations must identify the fund reserves, unanticipated revenue, or previously unbudgeted revenue that will fund the appropriations.

The Board of County Commissioners has the sole authority to approve budget transfers and budget amendments. County officials may not expend in excess of their existing budget authority. The Board of County Commissioners may, if appropriate, transfer existing budget authority within a fund and increase departmental authority. Per MCA 7-6-4005, expenditures made, liabilities incurred, or warrants issued in excess of a department's total budget appropriation, as originally determined or as later revised, are not a liability of the County, but the official authorizing or incurring the expenditure is liable for it personally and upon their official bond.

Appropriations are created by fund, function, and activity and may further be detailed by department. Expenditure limitations imposed by law extend to the department level, which is identified as the legal level of budgetary control. Department for this purpose is defined as a segment of a fund, such as Commission is a department of the General Fund, which, has several different departments.

B. Excess of Expenditures Over Appropriations

No departments overspent their authorized budget.

CASCADE COUNTY

Notes to the Financial Statements Year Ended June 30, 2020

Note 3 - Deposits and Investments

Cash and cash equivalent deposits may include cash and cash items: demand, time, savings, and fiscal agent deposits; investment in the State Short-Term Investment Pool (STIP); direct obligations of the United States Government and securities issued by agencies of the United States.

Governmental Activities, Business-Type Activities, and Fiduciary Funds

At June 30, 2020 deposits and investments consist of the following:

| Cash on hand and petty cash | \$ | 25,740 |
|---|-----------|------------|
| Cash in banks: Demand deposits | | 4,477,933 |
| State Short-Term Investment Pool (STIP) | | 33,373,736 |
| Total deposits and investments | <u>\$</u> | 37,877,409 |
| Deposits and investments are reported in the financial statements as follows: | | |
| Governmental activities | \$ | 18,234,216 |
| Business-type activities | | 1,694,884 |

| Governmental activities | Ф | 18,234,210 |
|--------------------------------|----|------------|
| Business-type activities | | 1,694,884 |
| Investment Trust Fund | | 10,870,319 |
| Other fiduciary funds | | 7,077,990 |
| Total deposits and investments | \$ | 37,877,409 |

Cash Deposits

Custodial Credit Risk

Montana statutes require that the County obtain securities for the uninsured portion of the deposits as follows: 1) Securities equal to 50% of such deposits if the institution in which the deposits are made has a net worth to total assets ratio of 6% or more, 2) Securities equal to 100% of the uninsured deposits if the institution in which the deposits are made has a net worth to total assets ratio of less than 6%. The State statutes do not specify in whose custody or name the collateral is to be held. The amount of collateral held for County deposits at June 30, 2020, complied with the amount required by State statutes.

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk but follows the requirements of the State of Montana, as detailed above. As of June 30, 2020, the carrying amount of the County's bank deposits was \$4,477,933 and the respective bank balances totaled \$5,750,288. Of the total bank balance, \$287,514 was insured through the Federal Depository Insurance Corporation (FDIC). \$5,462,774 was collateralized with securities held by the financial institution's custodial agent. These securities are held in the name of the County.

Note 3- Deposits and Investments - Continued

Investments

The County's investments, at June 30, 2020, consist of Montana Short-Term Investment Pool (STIP) totaling \$33,373,736.

STIP is managed by the Montana Board of Investments (Board). The Board was created by the State of Montana legislature to manage the State of Montana's investment funds on a centralized basis. The County voluntarily participates in STIP. The County reports its investment in STIP at the transaction amount of \$1.00 per share. This is not materially different from fair value based on the Net Asset Value (NAV) per share which was 1.000427 for the month of June 2020.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. As of June 30, 2020, the County's had no investment exposed to custodial credit risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County has no formal investment policy relating to credit risk of investments. The County follows the requirements of the State of Montana for local governments.

The State of Montana STIP has its own formal investment policy that addresses credit risk. The policy specifies that STIP securities have ratings provided by Standard & Poor's, Moody's, or Fitch. Although the STIP investments have been rated by investment security type, STIP, as an external investment pool, has not been rated. Additional information on the State of Montana Short-Term Investment Pool may be obtained by contacting the Montana Board of Investments, Department of Commerce, 2401 Colonial Drive, 3rd floor, P.O. Box 200126, Helena, MT 59620-0126 or by phone (406) 444-0001.

Note 3- Deposits and Investments – Continued Interest Rate Risk

The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The investment in STIP includes asset-backed and variable interest rate securities. Asset-backed securities represent debt securities collateralized by a pool of mortgage and non-mortgage assets such as trade and loan receivables, equipment leases, credit cards, etc., pledged by the issuer. Asset-backed securities have less credit risk than do securities not backed by pledged assets, while market risk for asset-backed securities is the same as market risk for similar non-asset-backed securities. Variable rate securities pay a variable rate of interest until maturity. While variable rate interest securities have credit risk identical to similar fixed rate securities, their market risk (income) is non-sensitive to interest rate changes. However, their market risk (value/price) may be less volatile than fixed rate securities because their value will usually remain at or near par as a result of their interest rates being periodically reset to maintain a current market yield. There are no legal risks that the County is aware of regarding any STIP investments.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The County places no limit on the amount it may invest in any one issuer. The following is a list of the County's concentration of credit risk percentages:

| <u>Issuer Organization</u> | <u>Percentage</u> |
|----------------------------|-------------------|
| STIP | 100% |

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the County has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets of liabilities in inactive markets;
- inputs other than quotes prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset of liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3- Deposits and Investments – Continued

The valuation method for investments measured at the net asset value (NAV) per share is presented in the table below.

| | | | Redemption Frequency | Redemption |
|----------------------------|---------------|-------------------------|-------------------------|------------------|
| | 6/30/2020 | Unfunded Commitments | (If currently eligible) | Notice Period |
| Short-Term Investment Pool | \$ 33,373,736 | N/A | Monthly | N/A |

External Investment Pool

The County's investment pool is in accordance with Montana Code Annotated Section 7-6-201 and the County's Investment Pool Investment Policy. The responsibility for conducting investment transactions reside with the County Treasurer, with overall policy guidance the responsibility of a committee formed by the County Commissioners. The pool is not registered with the SEC. The fair value of investments is reviewed monthly, with yearly adjustments to the financial statements at fiscal year-end, if necessary. All parties involved share in gains or loss equitably, based on their average daily balances.

The following is the County's statement of net position and changes in net position for its investment pool.

Note 3 - Deposits and Investments - Continued

| Titote & Deposits and investments Conti | External | Internal | | | |
|---|---------------------|---------------------|---------------|--|--|
| Statement of Net Position | <u>Participants</u> | <u>Participants</u> | Combined | | |

| Net position, beginning of year | 10,699,645 | 22,174,142 | 32,873,787 | | |
| Net position, end of year | \$ 10,870,319 | \$ 22,503,416 | \$ 33,373,735 | | |

Note 4 - Loan Receivable

The County has a CDBG (Community Development Block Grant) revolving loan fund. These funds are available to be loaned to businesses and special governmental entities that reside outside of the City of Great Falls. The County has currently one loan outstanding; which is current on repayment. Since the County is fully collateralized on the loans no allowance for doubtful accounts has been established. The outstanding balance on this loan is \$168,093.

Note 5 - Due to/Due From Other Funds and Transfers

Due from other funds and due to other funds consists of the following:

| Receivable Fund | Payable Fund | Amount |
|-----------------|-----------------------------|---------------|
| General Fund | Nonmajor Governmental Funds | \$ 123,608 |
| General Fund | Internal Service Funds | 2,263,086 |

These amounts were to eliminate the negative cash balances in the funds. These amounts are repaid at the beginning of the next fiscal year.

Note 5 - Due to/Due From Other Funds and Transfers - Continued

The County made interfund loans from the Self Insurance Fund to the General Fund and ExpoPark for the purpose of the County's Energy Efficiency Project and to replace the bleachers in the arena at ExpoPark. These interfund loans are shown as advances to other funds of \$592,869 in the Self Insurance Fund and advances from other funds of \$160,866 and \$432,003 in the General and ExpoPark funds, respectively. The advances are not scheduled to be fully repaid within a year.

Interfund transfers are as follows:

| | Transfer In: | | | | | | | | | |
|---------------|--------------|---------------|--------------|--------------|--------------|--------------|--|--|--|--|
| Transfer Out: | General Fund | Public Safety | Road | Non-Major | Montana Expo | Total | | | | |
| | | | | Fund | | | | | | |
| General | | | 530,100.00 | 255,824.00 | | 785,924.00 | | | | |
| Public Safety | | | | 140,025.00 | | 140,025.00 | | | | |
| Non Major | 694,999.00 | 765,479.00 | 2,475,090.00 | 1,610,978.00 | 1,341,238.00 | 6,887,784.00 | | | | |
| | 694,999.00 | 765,479.00 | 3,005,190.00 | 2,006,827.00 | 1,341,238.00 | 7,813,733.00 | | | | |

The County is allowed to levy a tax (Permissive Medical Levy) for the increased costs of health insurance in governmental funds. This money is transferred to other funds based on number of employees on the health insurance plan at the beginning of the fiscal year. \$1,689,024 of the transfers out of nonmajor governmental funds were for this purpose. \$1,341,238 was transferred to the ExpoPark for fair support. Other transfers are for the support of programs through the County, capital projects, and to cover shortfalls.

Note 6 – Capital Assets

Capital Assets activity for the year ended June 30, 2020, is summarized as follows:

| | | Balance 7/1/2019 | A | dditions | De | eletions | Adjı | ıstment | Tra | ns fers | | Balance 6/30/2020 |

Note 7 - Long-Term Liabilities - Continued

Long term debt of the County includes the following as of June 30, 2020:

Intercap Loans:

Bob Marshall RID – State of Montana Intercap Loan Program Rural Improvement district loan with a final maturity date February 15, 2024. The original amount of the loan was \$100,931 with interest at a variable interest rate between 4.25% and 1.00%. the interest rate effective for FY2020 was 3.37%. The loan is secured by special assessment tax revenues.

\$ 33,392

Courthouse Repair – State of Montana Intercap Loan Program with a final maturity date August 15, 2027. The original amount of the loan was \$2,000,000 with interest at a variable interest rate. The interest rate effective for FY2020 was 3.37%.

Expo Park Grandstands – State of Montana Intercap Loan Program with a final maturity date February 15, 2029. The original amount of the loan was \$2,000,000 with interest at a variable interest rate. The interest rate effective for FY2020 was 3.37%.

1,825,793

Total Long Term Debt \$ 3,403,771

Less current maturities 376,288

Total long-term debt, net of current maturities \$ 3,027,483

The annual maturity of all long-term debt (loan agreement and intercap loans) of the County, as of June 30, 2020 is as follows:

| | Business-Li | ke Activities | <u>Governmental Activities</u> | | |
|-----------|-------------|---------------|--------------------------------|-----------|----------|
| | Principal | Interest | | Principal | Interest |
| | | | | | |
| 2021 | 178,602 | 30,910 | 2021 | 197,687 | 26,443 |

| | 1,825,790 | 211,353 | - - | 1,577,981 | 149,058 |

Note 8 - Fund Equity

Governmental funds fund balance can be classified into five categories. The categories are nonspendable, restricted, committed, assigned and unassigned.

| Nonspendable: | | |
|---------------------------|-----------|-----------|
| Inventory | \$ | 1,406,970 |
| Total nonspendable | \$ | 1,406,970 |
| - | | |
| Spendable: | | |
| Restricted for: | | |
| General government | \$ | 554,948 |
| Housing and Community Dev | | 355,606 |
| Public safety | | 101,804 |
| Public works | | 398,865 |
| Health services | | 1,382,846 |
| Total restricted | \$ | 2,794,069 |
| Committed for: | | |
| General government | \$ | 2,086,575 |
| Public safety | ~ | 1,867,740 |
| Public works | | 954,958 |
| Health services | | 123,945 |
| Culture and recreation | | 99,896 |
| Total committed | \$ | 5,133,114 |
| A | | |
| Assigned for: | ¢. | 2 502 201 |
| General government | \$ | 2,502,291 |
| Public safety | | 4,235,986 |
| Public works | | 954,958 |
| Health services | | 610,052 |
| Culture and recreation | | 216,569 |
| Total assigned | <u>\$</u> | 8,519,856 |
| Unassigned: | <u>\$</u> | 3,717,034 |

Restricted net position in the government wide statement of net position is \$3,557,472 which includes the restricted fund balance of \$2,794,069 from above, and \$763,403 of restricted net position from taxes receivable which is recognized as revenue in the government wide statements but is included in deferred tax revenues in the governmental fund financial statements.

Note 9 – Retirement Plans – PERS

In accordance with GASB Statement 68, Accounting and Financial Reporting for Pensions, employers and the non-employer contributing entity are required to recognize and report certain amounts associated with participation in the Public Employees' Retirement System Defined Benefit Retirement Plan (the Plan). This includes the proportionate share of the collective Net Pension Liability; Pension Expense; and Deferred Outflows and Deferred Inflows of Resources associated with pensions. Employers are provided guidance in GASB Statement 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting, whether provided through cost-sharing, single-employer, or agent plans. This report provides information for employers who are using a June 30, 2019 measurement date for the 2020 reporting. If an employer's fiscal year end is after June 30th, the employer will not use the measurements shown in this report but will need to wait for the measurement date as of June 30, 2020.

Summary of Significant Accounting Policies - 79

MPERA prepared financial statements using the accrual basis of accounting. The same accrual basis was used by MPERA for the purposes of determining the Net Pension Liability (NPL); Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions; Pension Expense; the Fiduciary Net Position; and, Additions to or Deductions from Fiduciary Net Position. Member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period in which they are due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adhered to all accounting principles generally accepted by the United States of America. MPERA applied all applicable pronouncements of the Governmental Accounting Standards Board (GASB)

General Information about the Pension Plan – 76a, 76b, 76c

Plan Description – 76a: The PERS-Defined Benefit Retirement Plan (DBRP), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established July 1, 1945, and governed by Title 19, chapters 2 & 3, Montana Code Annotated (MCA). This plan provides retirement benefits to covered employees of the State, and local governments, and certain employees of the Montana University System, and school districts. Benefits are established by state law and can only be amended by the Legislature.

All new members are initially members of the PERS-DBRP and have a 12-month window during which they choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the *defined benefit* and *defined contribution* retirement plans. All new members from the universities also have a third option to join the university system's Montana University System Retirement Program (MUS-RP).

Benefits provided – 76b: The PERS-DBRP provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and highest average compensation (HAC). Member rights are vested after five years of service.

Note 9 – Retirement Plans - PERS - Continued

Service retirement:

- Hired prior to July 1, 2011:
 - o Age 60, 5 years of membership service
 - o Age 65, regardless of membership service
 - o Any age, 30 years of membership service
- Hired on or after July 1, 2011:
 - o Age 65, 5 years of membership service
 - o Age 70, regardless of membership service

Early Retirement:

- Hired prior to July 1, 2011:
 - o Age 50, 5 years of membership service
 - o Any age, 25 years of membership service
- Hired on or after July 1, 2011:
 - o Age 55, 5 years of membership service

Second Retirement: (requires returning to PERS-covered employer or PERS service)

- Retired before January 1, 2016 and accumulate less than 2 years additional service credit or retired on or after January 1, 2016 and accumulate less than 5 years additional service credit:
 - o A refund of member's contributions plus return interest (currently 2.02% effective July 1, 2018).
 - No service credit for second employment;
 - o Start the same benefit amount the month following termination; and
 - o Guaranteed Annual Benefit Adjustment (GABA) starts again in the January immediately following the second retirement.
- Retired before January 1, 2016 and accumulate at least 2 years of additional service credit:
 - o A recalculated retirement benefit based on provisions in effect after the initial retirement; and
 - o GABA starts on the recalculated benefit in the January after receiving the new benefit for 12 months.
- Retired on or after January 1, 2016 and accumulate 5 or more years of service credit:
 - o The same retirement as prior to the return to service;
 - o A second retirement benefit as prior to the second period of service based on laws in effect upon the rehire date; and
 - o GABA starts on both benefits in the January after receiving the original and the new benefit for 12 months.

Member's highest average compensation (HAC)

- Hired prior to July 1, 2011 highest average compensation during any consecutive 36 months;
- Hired on or after July 1, 2011 highest average compensation during any consecutive 60 months;

Compensation Cap

• Hired on or after July 1, 2013 – 110% annual cap on compensation considered as a part of a member's highest average compensation.

Monthly benefit formula

- Members hired prior to July 1, 2011
 - o Less than 25 years of membership service: 1.785% of HAC per year of service credit;
 - o 25 years of membership service or more: 2% of HAC per year of service credit.

Note-9 - Retirement Plans - PERS - Continued

- Members hired on or after July 1, 2011
 - o Less than 10 years of membership service: 1.5% of HAC per year of service credit;
 - o 10 years or more, but less than 30 years of membership service: 1.785% of HAC per year of service credit;
 - o 30 years or more of membership service: 2% of HAC per year of service credit.

Guaranteed Annual Benefit Adjustment (GABA)

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, **inclusive** of all other adjustments to the member's benefit.

- 3.0% for members hired **prior to** July 1, 2007
- 1.5% for members hired between July 1, 2007 and June 30, 2013
- Members hired on or after July 1, 2013:
 - (a) 1.5% for each year PERS is funded at or above 90%;
 - (b) 1.5% reduced by 0.1% for each 2.0% PERS is funded below 90%; and
 - (c) 0% whenever the amortization period for PERS is 40 years or more.

Contributions – 76c: The state Legislature has the authority to establish and amend contribution rates. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.

Special Funding: The state of Montana, as the non-employer contributing entity, paid to the Plan, additional contributions that qualify as *special funding*. Those employers who received *special funding* are all participating employers.

Not Special Funding: Per Montana law, state agencies and universities paid their own additional contributions. The employer paid contributions are *not* accounted for as special funding for state agencies and universities but are reported as employer contributions.

Member and employer contribution rates are shown in the table below.

| Fiscal | Men | nber | State & Universities | Local Gove | ernment | School D | istricts |
|-------------|------------------|------------------|----------------------|------------|---------|----------|----------|
| Year | Hired < 07/01/11 | Hired > 07/01/11 | Employer | Employer | State | Employer | State |
| 2020 | 7.900% | 7.900% | 8.770% | 8.670% | 0.100% | 8.400% | 0.370% |
| 2019 | 7.900% | 7.900% | 8.670% | 8.570% | 0.100% | 8.300% | 0.370% |
| 2018 | 7.900% | 7.900% | 8.570% | 8.470% | 0.100% | 8.200% | 0.370% |
| 2017 | 7.900% | 7.900% | 8.470% | 8.370% | 0.100% | 8.100% | 0.370% |
| 2016 | 7.900% | 7.900% | 8.370% | 8.270% | 0.100% | 8.000% | 0.370% |
| 2015 | 7.900% | 7.900% | 8.270% | 8.170% | 0.100% | 7.900% | 0.370% |
| 2014 | 7.900% | 7.900% | 8.170% | 8.070% | 0.100% | 7.800% | 0.370% |
| 2012 – 2013 | 6.900% | 7.900% | 7.170% | 7.070% | 0.100% | 6.800% | 0.370% |
| 2010 – 2011 | 6.900% | | 7.170% | 7.070% | 0.100% | 6.800% | 0.370% |
| 2008 – 2009 | 6.900% | | 7.035% | 6.935% | 0.100% | 6.800% | 0.235% |
| 2000 - 2007 | 6.900% | | 6.900% | 6.800% | 0.100% | 6.800% | 0.100% |

Note 9 - Retirement Plans - PERS - Continued

- 1. Member contributions to the system of 7.9% are temporary and will be decreased to 6.9% on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below 25 years following the reduction of both the additional employer and additional member contribution rates.
- 2. Employer contributions to the system:
 - a. Effective July 1, 2014, following the 2013 Legislative session, PERS-employer contributions increase an additional 0.1% a year and will continue over 10 years through 2024. The additional employer contributions including the 0.27% added in 2007 and 2009, will terminate on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below the 25 years following the reduction of both the additional employer and additional member contributions rates.
 - b. Effective July 1, 2013, employers are required to make contributions on working retirees' compensation. Member contributions for working retirees are not required.
 - c. The portion of employer contributions allocated to the Plan Choice Rate (PCR) are included in the employers reporting. The PCR was paid off effective March 2016 and the contributions previously directed to the PCR are now directed to member accounts.
- 3. Non-Employer Contributions:
 - a. Special Funding
 - i. The state contributed 0.1% of members' compensation on behalf of local government entities.
 - ii. The state contributed 0.37% of members' compensation on behalf of school district entities.
 - iii. The state contributed a Statutory Appropriation from the General Fund of \$33,615,000.

Note 9 - Retirement Plans - PERS - Continued

Pension Liabilities (80a, 80b, 80c, 80d, 80e, 80f), Pension Expense (80g, 80j), and Deferred Outflows of Resources and Deferred Inflows of Resources (57, 80h, 80i) Related to Pensions

GASB Statement 68 allows a measurement date of up to 12 months before the employer's fiscal year-end can be utilized to determine the Plan's TPL. The basis for the TPL as of June 30, 2019, was determined by taking the results of the June 30, 2018, actuarial valuation and applying standard roll forward procedures. The roll forward procedure uses a calculation that adds the annual normal cost (also called the service cost), subtracts the actual benefit payments and refunds for the plan year, and then applies the expected investment rate of return for the year. The roll forward procedure will include the effects of any assumption changes and legislative changes. The update procedures are in conformity with Actuarial Standards of Practice issued by the Actuarial Standards Board.

The Total Pension Liability (TPL) minus the Fiduciary Net Position equals the Net Pension Liability (NPL). The proportionate shares of the employer's and the state of Montana's NPL for June 30, 2019, and 2018, are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The employer recorded a liability of \$16,830,823 and the employer's proportionate share was 0.805183 percent.

| As of measurement date | Net Pension Liability as of 6/30/2019 | Net Pension Liability as of 6/30/2018 | Percent of Collective NPL as of 6/30/2019 | Percent of Collective NPL as of 6/30/2018 | Change in Percent of Collective NPL |
|---|---|---|--|---|--|
| CASCADE COUNTY Proportionate Share | \$ 16,830,823 | \$ 17,244,182 | 0.805183% | 0.826210% | (0.021027)% |
| State of Montana Proportionate Share associated with Employer | \$ 5,468,059 | \$ 5,761,623 | 0.261591% | 0.276053% | (0.014462)% |
| Total | \$ 22,298,882 | \$ 23,005,804 | 1.066774% | 1.102263% | (0.035489)% |

^{*}To be consistent with this year's calculation of the *State of Montana Proportionate Share Associated with Employer Percent of Collective NPL*, the June 30, 2018 percentage has been recalculated using the actual State percentage presented on the allocation calculation instead of the 100% displayed last year. This does not change the dollar amount of the Net Pension Liability as of 6/30/2018, just the percentage.

Changes in actuarial assumptions and methods: There were no changes in assumptions or other inputs that affected the measurement of the TPL.

Changes in benefit terms: There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes between the measurement date of the collective NPL and the employer's reporting date that are expected to have a significant effect on the employer's proportionate share of the collective NPL.

Note 9 - Retirement Plans - PERS - Continued

Pension Expense – 80g, 80j: At June 30, 2019, the employer recognized \$1,439,053 for its proportionate share of the Plan's pension expense and recognized grant revenue of \$13,118 for the state of Montana proportionate share of the pension expense associated with the employer. Additionally, the employer recognized grant revenue of \$358,106 from the State Statutory Appropriation from the General Fund. (Two years of pension expense are documented in the table below but are not necessary for the employer's disclosures.)

| As of measurement date | Pension Expense as of 6/30/2019 | Pension Expense as of 6/30/2018 |
|---|---------------------------------|---------------------------------|
| CASCADE COUNTY's Proportionate Share | \$1,439,053 | \$982,394 |
| Employer Grant Revenue – State of Montana Proportionate Share for employer | 13,118 | 384,525 |
| Employer Grant Revenue – State of Montana State Appropriation for employer | 358,106 | 0 |
| Total | \$1,810,276 | \$1,366,919 |

Recognition of Deferred Inflows and Outflows – 57, 80h, 80i: At June 30, 2019, the employer reported its proportionate share of the Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|-----------------------------------|----------------------------------|
| Expected vs. Actual Experience | \$798,080 | \$791,958 |
| Projected Investment Earnings vs. Actual Investment Earnings | 204,069 | 0 |
| Changes in Assumptions | 714,520 | 0 |
| Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions | 0 | 2,407,626 |
| Employer Contributions Subsequent to the | | |
| Measurement Date | 1,104,825 | |
| Total | \$2,821,494 | \$3,199,584 |

Other amounts reported as deferred outflows and inflows of resources related to pensions are recognized in the employer's pension expense as follows:

| For the Measurement Year ended June 30: | Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense |
|--|---|
| 2020 | \$(226,204) |
| 2021 | \$(1,515,777) |
| 2022 | \$75,914 |
| 2023 | \$183,151 |
| Thereafter | \$ 0 |

Note 9 - Retirement Plans - PERS - Continued

Actuarial Assumptions - 77: The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions.

| Investment Return (net of admin expense) | 7.65% |
|--|---|
| Admin Expense as % of Payroll | 0.26% |
| General Wage Growth * | 3.50% |
| *includes Inflation at | 2.75% |
| Merit Increases | 0% to 6.30% |
| Postretirement Benefit Increases | |
| 1. Guaranteed Annual Benefit Adjustment (GABA) each January | |
| After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided | |
| below) each January, inclusive of all other adjustments to the | |
| member's benefit | |
| Members hired prior to July 1, 2007 | 3.0% |
| Members hired between July 1, 2007 & June 30, 2013 | 1.5% |
| Members hired on or after July 1, 2013 | |
| • For each year PERS is funded at or above 90% | 1.5% |
| • The 1.5% is reduced by 0.1% for each 2.0% | |
| PERS is funded below 90% | |
| • 0% whenever the amortization period for PERS is 40 | |
| years or more | 0% |
| Mortality: | |
| • Contributing members, , service retired members & beneficiaries | RP-2000 Combined Employee and Annuitant |

| | BB, set back one year for males |
| Disabled Members | • |
| | RP-2000 Combined Mortality Tables, with no |
| | projections |
| | |

The most recent experience study, performed for the period covering fiscal years 2011 through 2016, is outlined in a report dated May 5, 2017 and can be located on the MPERA website. The long-term expected return on pension plan assets is reviewed as part of the regular experience studies prepared for the Plan. Several factors are considered in evaluating the long-term rate of return assumption including historical rates of return, rate of return assumptions adopted by similar public-sector systems, and by using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation (78c & 78f) as of June 30, 2019, are summarized in the table below.

| Asset Class | Target Asset Allocation | Long-Term Expected Real Rate of Return Arithmetic Basis |
|------------------------|----------------------------|---|
| Cash Equivalents | 3.0% | 4.09% |
| Domestic Equity | 36.0% | 6.05% |
| Foreign Equity | 18.0% | 7.01% |
| Fixed Income | 23.0% | 2.17% |
| Private Equity | 12.0% | 10.53% |
| Real Estate | 8.0% | 5.65% |
| Total | 100.0% | |

Note 9 - Retirement Plans- PERS - Continued

Discount Rate – 78a, 78b, 78d, 78e: The discount rate used to measure the TPL was 7.65%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities would be made based on the Board's funding policy, which established the contractually required rates under the Montana Code Annotated. The state contributed 0.10% of the salaries paid by local governments and 0.37% paid by school districts. In addition, the state contributed a statutory appropriation from the general fund. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2122. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

Sensitivity of the proportionate share of the net pension liability to changes in the discount rate – 78g: The following presents the employer's sensitivity of the NPL to the discount rate in the table below. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.65%, as well as what the NPL would be if it were calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

| As of measurement date | 1.0% Decrease | Current Discount | 1.0% Increase |
|--|---------------|------------------|---------------|
| | (6.65%) | Rate | (8.65%) |
| CASCADE COUNTY's Net Pension Liability | \$24,181,098 | \$16,830,823 | \$10,653,847 |

PERS Disclosure for the defined contribution plan - 126

CASCADE COUNTY contributed to the state of Montana Public Employee Retirement System Defined Contribution Retirement Plan (PERS-DCRP) for employees that have elected the DCRP. The PERS-DCRP is administered by the PERB and is reported as a multiple- employer plan established July 1, 2002, and governed by Title 19, chapters 2 & 3, MCA.

All new PERS members are initially members of the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the *defined benefit* and *defined contribution* retirement plans.

Member and employer contribution rates are specified by state law and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers. The state Legislature has the authority to establish and amend contribution rates.

Benefits are dependent upon eligibility and individual account balances. Participants are vested immediately in their own contributions and attributable income. Participants are vested after 5 years of membership service for the employer's contributions to individual accounts and the attributable income. Non-vested contributions are forfeited upon termination of employment per 19-3-2117(5), MCA. Such forfeitures are used to cover the administrative expenses of the PERS-DCRP.

Note 9 - Retirement Plans - PERS - Continued

At the plan level for the measurement period ended June 30, 2019, the PERS-DCRP employer did not recognize any net pension liability or pension expense for the *defined contribution* plan. Plan level non-vested forfeitures for the 320 employers that have participants in the PERS-DCRP totaled \$714,024.

Pension plan fiduciary net position: The stand-alone financial statements (76d) of the Montana Public Employees Retirement Board (PERB) Comprehensive Annual Financial Report (CAFR) and the GASB 68 Report disclose the Plan's fiduciary net position. The reports are available from the PERB at PO Box 200131, Helena MT 59620-0131, (406) 444-3154 or both are available on the MPERA website at http://mpera.mt.gov/index.shtml.

Note 9 – Retirement Plans – SRS

In accordance with GASB Statement 68, Accounting and Financial Reporting for Pensions, employers are required to recognize and report certain amounts associated with participation in the Sheriffs' Retirement System (the Plan). This includes the proportionate share of the collective Net Pension Liability (NPL); Pension Expense; and Deferred Outflows and Deferred Inflows of Resources associated with pensions. Employers are provided guidance in GASB Statement 68, paragraph 74, where pension amounts must be combined as a total or aggregate for reporting, whether provided through cost-sharing, single-employer, or agent pension plans. This report provides information for employers who are using a June 30, 2019 measurement date for the 2020 reporting.

Summary of Significant Accounting Policies – 79

MPERA prepared financial statements using the accrual basis of accounting. The same accrual basis was used by MPERA for the purposes of determining the Net Pension Liability (NPL); Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions; Pension Expense; the Fiduciary Net Position; and, Additions to or Deductions from Fiduciary Net Position. Member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period in which they are due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adhered to all accounting principles generally accepted by the United States of America. MPERA applied all applicable pronouncements of the Governmental Accounting Standards Board (GASB).

General Information about the Pension Plan – 76a, 76b, 76c

Plan Description – 76a: The Sheriffs' Retirement System (SRS), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing defined benefit plan established July 1, 1974, and governed by Title 19, chapters 2 & 7, Montana Code Annotated (MCA). This plan provides retirement benefits to all Department of Justice criminal and gambling investigators hired after July 1, 1993, all detention officers hired after July 1, 2005, and all Montana sheriffs. Benefits are established by state law and can only be amended by the Legislature.

Benefits provided – 76b: SRS provides retirement, disability and death benefits to plan members and their beneficiaries. Benefits are based on eligibility, years of service, and highest average compensation (HAC). Member rights are vested after five years of service.

Service retirement and monthly benefit formula:

- 20 years of membership service.
- 2.5% of HAC x years of service credit.

Early retirement:

- Age 50 with 5 years of membership service.
- This benefit calculated using HAC and service credit at early retirement and reduced to the actuarial equivalent commencing at the earliest of age 60 or the attainment of 20 years of service credit.

Note 9 – Retirement Plans – SRS - Continued

Second Retirement:

Applies to retirement system members re-employed in a SRS position on or after July 1, 2017:

- If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:
 - o is not awarded service credit for the period of reemployment;
 - o is refunded the accumulated contributions associated with the period of reemployment;
 - o starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
 - o does not accrue post-retirement benefit adjustments during the term of reemployment but receives a Guaranteed Annual Benefit Adjustment (GABA) in January immediately following second retirement. If the member works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:
 - o is awarded service credit for the period of reemployment;
 - o starting the first month following termination of service, receives:
 - * the same retirement benefit previously paid to the member; and
 - * a second retirement benefit for the period of reemployment calculated based on the laws in effect as of the members' rehire date, and
 - o does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA:
 - * on the initial retirement benefit in January immediately following second retirement, and
 - * on the second retirement benefit starting in January after receiving that benefit for at least 12 months.
- A member who returns to covered service is not eligible for a disability benefit.

Member's compensation period used in benefit calculation

- HAC = Highest Average Compensation
- Hired prior to July 1, 2011: HAC is average of the highest 36 consecutive months of compensation paid to member.
- Hired on or after July 1, 2011: HAC is average of the highest 60 consecutive months of compensation paid to member.

Compensation Cap

• Hired on or after July 1, 2013: 110% annual cap on compensation considered as a part of a member's HAC.

Guaranteed Annual Benefit Adjustment (GABA)

After the member has completed 12 full months of retirement, a Guaranteed Annual Benefit Adjustment (GABA) will be made January 1 each year equal to:

- 3.0% for members hired **prior to** July 1, 2007
- 1.5% for members hired on or after July 1, 2007

Note 9 - Retirement Plans - SRS - Continued

Contributions – 76c: The State Legislature has the authority to establish and amend contribution rates to the plan. Member and employer contribution rates are specified by Montana Statute and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers Member and employer contribution rates are shown in the table below.

| Fiscal Year | Member | Employer |
|-------------|---------|----------|
| 2018 - 2020 | 10.495% | 13.115% |
| 2010 – 2017 | 9.245% | 10.115% |
| 2008 – 2009 | 9.245% | 9.825% |
| 1998 – 2007 | 9.245% | 9.535% |

Pension Liabilities (80a, 80b, 80c, 80d, 80e, 80f), Pension Expense (80g, 80j), and Deferred Outflows of Resources and Deferred Inflows of Resources (57, 80h, 80i) Related to Pensions

GASB Statement 68 allows a measurement date of up to 12 months before the employer's fiscal year-end can be utilized to determine the Plan's TPL. The basis for the TPL as of June 30, 2019, was determined by taking the results of the June 30, 2018, actuarial valuation and applying standard roll forward procedures. The roll forward procedure uses a calculation that adds the annual normal cost (also called the service cost), subtracts the actual benefit payments and refunds for the plan year, and then applies the expected investment rate of return for the year. The roll forward procedure will include the effects of any assumption changes and legislative changes. The update procedures are in conformity with Actuarial Standards of Practice issued by the Actuarial Standards Board.

The Total Pension Liability (TPL) minus the Fiduciary Net Position equals the Net Pension Liability (NPL). The proportionate shares of the employer's NPL for June 30, 2019, and 2018, are displayed below. The employer's proportionate share equals the ratio of the employer's contributions to the sum of all employer contributions during the measurement period. The employer recorded a liability of \$6,251,255 and the employer's proportionate share was 7.4957 percent.

| As of measurement date | Net Pension Liability as of 6/30/2019 | Net Pension Liability as of 6/30/2018 | Percent of Collective NPL as of 6/30/2019 | Percent of Collective NPL as of 6/30/2018 | Change in Percent of Collective NPL |
|---------------------------------------|---|---|---|---|--|
| CASCADE COUNTY Proportionate Share | \$ 6,251,255 | \$ 5,445,563 | 7.4957% | 7.2442% | 0.2515% |
| Total | \$ 6,251,255 | \$ 5,445,563 | 7.4957% | 7.2442% | 0.2515% |

Changes in actuarial assumptions and methods: There were no changes in assumptions or other inputs that affected the measurement of the TPL.

Note 9 – Retirement Plans – SRS - Continued

Changes in benefit terms: There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes between the measurement date of the collective NPL and the employer's reporting date that are expected to have a significant effect on the employer's proportionate share of the collective NPL.

Pension Expense – 80g, 80j: At June 30, 2019 measurement date, the employer recognized its proportionate share of the Plan's pension expense. (Two years of pension expense are documented in the table below but are not necessary for the employer's disclosures.)

| As of measurement date | Pension Expense as of 6/30/2019 | Pension Expense as of 6/30/2018 |
|--------------------------------------|---------------------------------|---------------------------------|
| CASCADE COUNTY's Proportionate Share | \$411,434 | \$(149,985) |
| Total | \$411,434 | \$(149,985) |

Recognition of Deferred Inflows and Outflows – 57, 80h, 80i: At June 30, 2019, the employer reported its proportionate share of the Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

| As of measurement date | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|-----------------------------------|-------------------------------|
| Expected vs. Actual Experience | \$402,649 | \$7,557 |
| Projected Investment Earnings vs Actual Investment Earnings | 120,836 | 0 |
| Changes in Assumptions | 1,956,821 | 3,375,329 |
| Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions | 296,122 | 0 |
| Employer Contributions Subsequent to the Measurement Date | 833,797 | |
| Total | \$3,610,225 | \$3,382,885 |

Other amounts reported as deferred outflows and inflows of resources related to pensions are recognized in the employer's pension expense as follows:

| Recognition of Deferred Outflows and Deferred Inflows in future years as an increase or (decrease) to Pension Expense |
|---|
| \$(393,684) |
| \$(618,675) |
| \$207,162 |
| \$198,739 |
| \$ 0 |
| |

Actuarial Assumptions - 77: The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions.

| Investment Return (net of admin expense) | 7.65% |
|--|--|
| Admin Expense as % of Payroll | 0.23% |
| General Wage Growth * | 3.50% |
| *includes Inflation at | 2.75% |
| Merit Increases | 0% to 6.30% |
| Post Retirement Benefit Increases | |
| Guaranteed Annual Benefit Adjustment (GABA): | |
| Requires 12 full months of retirement before GABA will be made | 3.0% |
| Members hired prior to July 1, 2007 | 1.5% |
| Members hired on or after July 1, 2007 | 1.370 |
| Mortality: | |
| Contributing members, service retired members & beneficiaries | RP-2000 Combined Employee and Annuitant Mortality Tables projected to 2020 with scale BB, set back one year for males |
| Disabled members | RP-2000 Combined Mortality Tables with no projections |

Note 9 - Retirement Plans - SRS - Continued

The most recent experience study, performed for the period covering fiscal years 2011 through 2016, is outlined in a report dated

May 5, 2017 and can be located on the MPERA website. The long-term expected return on pension plan assets is reviewed as part of the regular experience studies prepared for the Plan. Several factors are considered in evaluating the long-term rate of return assumption including historical rates of return, rate of return assumptions adopted by similar public-sector systems, and by using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation (78c & 78f) as of June 30, 2019, are summarized below.

| Asset Class | Target Asset Allocation | Long-Term Expected Real Rate of Return Arithmetic Basis |
|------------------------|----------------------------|---|
| Cash Equivalents | 3.0% | 4.09% |
| Domestic Equity | 36.0% | 6.05% |
| Foreign Equity | 18.0% | 7.01% |
| Fixed Income | 23.0% | 2.17% |
| Private Equity | 12.0% | 10.53% |
| Real Estate | 8.0% | 5.65% |
| Total | 100.0% | |

Discount Rate – 78a, 78b, 78d, 78e: The discount rate used to measure the TPL was 7.65%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members and employers will be made based on the Board's funding policy, which established the contractually required rates under the Montana Code Annotated. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2120. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

Sensitivity of the proportionate share of the net pension liability to changes in the discount rate – 78g: The following presents the employer's sensitivity of the NPL to the discount rate in the table below. A small change in the discount rate can create a significant change in the liability. The NPL was calculated using the discount rate of 7.65%, as well as what the NPL would be if it were calculated using a discount rate 1.00% lower or 1.00% higher than the current rate.

Note 9 - Retirement Plans - SRS - Continued

| As of measurement date | 1.0% Decrease (6.65%) | Current Discount Rate | 1.0% Increase (8.65%) |
|--|-----------------------|------------------------------|-----------------------|
| CASCADE COUNTY's Net Pension Liability | \$11,091,041 | \$6,251,255 | \$2,284,100 |

Pension plan fiduciary net position: The stand-alone financial statements (76d) of the Montana Public Employees Retirement Board (PERB) Comprehensive Annual Financial Report (CAFR) and the GASB 68 Report disclose the Plan's fiduciary net position. The reports are available from the PERB at PO Box 200131, Helena MT 59620-0131, (406) 444-3154 or both are available on the MPERA website at http://mpera.mt.gov/index.shtml

Note 9 – Retirement Plan – TRS

Net Pension Liability - 80a, 80b, 80c, 80d, 80e, 80f

In accordance with GASB Statement 68, Accounting and Financial Reporting for Pensions, employers are required to recognize and report certain amounts associated with their participation in the Montana Teachers' Retirement System (TRS or the System). Statement 68 became effective June 30, 2015 and includes requirements to record and report their proportionate share of the collective Net Pension Liability. In accordance with Statement 68, the System has a special funding situation in which the State of Montana is legally responsible for making contributions directly to TRS that are used to provide pension benefits to the retired members of TRS. Due to the existence of a special funding situation, employers are also required to report the portion of the State of Montana's proportionate share of the collective Net Pension Liability that is associated with the employer. The following table displays the amounts and the percentages of Net Pension Liability for the fiscal years ended June 30, 2020 and June 30, 2019 (reporting dates).

| | Net Pension Liability as of 06/30/2020 | Net Pension Liability as of 06/30/2019 | Percent of Collective NPL as of 06/30/2020 | Percent of Collective NPL as of 06/30/2019 | Change in Percent of Collective NPL |
|---------------------|--|---|---|---|--|
| Cascade County | | | | | |
| Proportionate Share | \$65,260 | \$61,882 | 0.0034% | 0.0033% | 0.0001% |
| State of Montana | | | | | |
| Proportionate Share | | | | | |
| Associated with | | | | | |
| employer | \$40,762 | \$43,662 | 0.0021% | 0.0024% | (0.0003%) |
| Total | \$106,022 | \$105,544 | \$0.0055% | 0.0057% | (0.0002%) |

At June 30, 2020, the employer recorded a liability of \$65,260 for its proportionate share of the Net Pension Liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. Therefore, no update procedures were used to roll forward the total pension liability to the measurement date. The employer's proportion of the net pension liability was based on the employer's contributions received by TRS during the measurement period July 1, 2018, through June 30, 2019, relative to the total employer contributions received from all of TRS' participating employers. At June 30, 2020, the employer's proportion was 0.0034 percent.

Note 9 - Retirement Plan - TRS - Continued

Changes in actuarial assumptions and other inputs: The Guaranteed Annual Benefit Adjustment (GABA) for Tier Two members is a variable rate between 0.50% and 1.50% as determined by the Board. Since an increase in the amount of the GABA is not automatic and must be approved by the Board, the assumed increase was lowered from 1.50% to the current rate of 0.50% per annum.

Changes in benefit terms: There have been no changes in benefit terms since the previous measurement date.

Changes in proportionate share: There were no changes between the measurement date of the collective net pension liability and the reporting date. However, each employer may have unique circumstances that will impact the employer's proportionate share of the collective net pension liability. If there were changes that are expected to have an impact on the net pension liability, the employer should disclose the amount of the expected resultant change in the employer's proportionate share of the collective net pension liability, if known.

Pension Expense – 80g, 80j

| | Pension Expense As of 06/30/2020 |
|---|-------------------------------------|
| Cascade County Proportionate Share | \$9,173 |
| State of Montana Proportionate Share Associated with the Employer | 4,972 |
| Total | \$14,145 |

At June 30, 2020, the employer recognized a Pension Expense of \$14,145 for its proportionate share of the TRS' pension expense. The employer also recognized grant revenue of \$4,972 for the support provided by the State of Montana for its proportionate share of the pension expense that is associated with the employer.

Note 9 - Retirement Plans - TRS - Continued

Deferred Inflows and Outflows - 80h, 80i

At June 30, 2020, the employer reported its proportionate share of TRS' deferred outflows of resources and deferred inflows of resources related to TRS from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------|----------------------------------|
| Differences between expected and | | |
| actual economic experience | \$432 | \$0 |
| Changes in actuarial assumptions | \$3,259 | \$146 |
| Difference between projected and | | |
| actual investment earnings | \$633 | \$0 |
| Changes in proportion & Differences | | |
| between actual and expected contributions | \$4,178 | \$0 |
| *Contributions paid to TRS subsequent to the measurement date - FY 2020 Contributions | \$4,298 | |
| Total | \$12,800 | \$146 |

^{*} Amounts reported as deferred outflows of resources related to pensions resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: | Amount of Deferred Outflows (Inflows) to be recognized as an increase or (decrease) to Pension Expense |
|---------------------|--|
| 2021 | \$5,788 |
| 2022 | \$1,785 |
| 2023 | \$257 |
| 2024 | \$524 |
| 2025 | \$0 |
| Thereafter | \$0 |

Note 9 – Retirement plans – TRS - Continued

Plan Description - 76a

Teachers' Retirement System (TRS or the System) is a mandatory-participation multiple-employer cost-sharing defined-benefit public pension plan that provides retirement services to individuals employed as teachers, administrators, and in other professional and skilled positions employed in public education in Montana.

The TRS Board is the governing body of the System and the TRS staff administers the system in conformity with the laws set forth in Title 19, chapter 20 of the Montana Code Annotated, and administrative rules set forth in Title 2, chapter 44 of the Administrative Rules of Montana. Additional information pertaining to membership, benefit structure, and prior years' actuarial valuations, as well as links to applicable statutes and administrative rules, may be obtained by visiting the TRS web site at trs.mt.gov.

Summary of Benefits – 76b

Through June 30, 2013, all members enrolled in TRS participated in a single-tiered plan ("Tier One"). Employees with a minimum of 25 years of service or who have reached age 60 with 5 years of service are eligible to receive an annual retirement benefit equal to creditable service years divided by 60 times the average final compensation. Final compensation is the average of the highest three consecutive years of earned compensation. Benefits fully vest after 5 years of creditable service. Vested employees may retire at or after age 50 and receive reduced retirement benefits. Beginning July 1, 2013, new members in TRS participate in a second benefit tier ("Tier Two"), which differs from Tier One as follows:

- Tier Two uses a 5-year average final compensation (as opposed to 3-year AFC in Tier One)
- Tier Two provides for unreduced service retirement benefits at age 60 with 5 years of creditable service or at age 55 with at least 30 years of creditable service (rather than at age 60 with 5 years of service or at any age with creditable service in 25 years in Tier One)
- Tier Two provides for early retirement benefits with 5 years of creditable service at age 55 (rather than age 50 in Tier One)
- Tier Two has a one percent higher normal employee contribution rate (though a temporary 1% supplemental employee contribution rate is also now currently in place for Tier One members), and
- Tier Two provides for an enhanced benefit calculation 1.85% x AFC x years of creditable service for members retiring with at least 30 years of creditable service and at least 60 years of age (rather than 1.6667 x AFC x years of creditable service)

A guaranteed annual benefit adjustment (GABA) is payable on January 1st of each calendar year for each retiree who has received at least 36 monthly retirement benefit payments prior to that date. The GABA is applicable to both Tier One and Tier Two members. The GABA for Tier One members is 1.5% of the benefit payable as of January 1st. For Tier Two members the GABA each year may vary from 0.5% to 1.5% based on the retirement system's funding status and the period required to amortize any unfunded accrued actuarial liability as determined in the prior actuarial valuation.

Note 9 - Retirement Plans - TRS - Continued

Overview of Contributions – 76c

The System receives a portion of the total required statutory contributions directly from the State for all employers. The employers are considered to be in a special funding situation as defined by GASB 68 and the State is treated as a non-employer contributing entity in TRS. The System receives 2.49% of reportable compensation from the State's general fund for School Districts and Other Employers. The System also receives 0.11% of reportable compensation from the State's general fund for all TRS Employers including State Agency and University System Employers. Finally, the State is also required to contribute \$25 million in perpetuity payable July 1st of each year. The tables below show the legislated contribution rates for TRS members, employers and the State.

School District and Other Employers

| | | | | Total employee |
|-------------------------------|---------|------------------|--------------|----------------|
| | Members | Employers | General fund | & employer |
| Prior to July 1, 2007 | 7.15% | 7.47% | 0.11% | 14.73% |
| July 1, 2007 to June 30, 2009 | 7.15% | 7.47% | 2.11% | 16.73% |
| July 1, 2009 to June 30, 2013 | 7.15% | 7.47% | 2.49% | 17.11% |
| July 1, 2013 to June 30, 2014 | 8.15% | 8.47% | 2.49% | 19.11% |
| July 1, 2014 to June 30, 2015 | 8.15% | 8.57% | 2.49% | 19.21% |

Note 9 - Retirement plans - TRS - Continued

TRS Stand-Alone Statements – 76d

TRS' stand-alone financial statements, actuarial valuations and experience studies can be found online at https://trs.mt.gov/TrsInfo/NewsAnnualReports

Actuarial Assumptions - 77

The Total Pension Liability as of June 30, 2019, is based on the results of an actuarial valuation date of July 1, 2019. There were several significant assumptions and other inputs used to measure the total pension liability. The actuarial assumptions used in the July 1, 2019 valuation were based on the results of the last actuarial experience study, dated May 3, 2018. Among those assumptions were the following:

| • | Total Wage Increases* | 3.25%-7.76% for Non-University Members and 4.25% for University Members |
|---|-----------------------|---|
| • | Investment Return | 7.50% |
| • | Price Inflation | 2.50% |

- Postretirement Benefit Increases
 - Tier One Members: If the retiree has received benefits for at least 3 years, the retirement allowance will be increased by 1.5% on January 1st.
 - Tier Two Members, the retirement allowance will be increased by an amount equal to or greater than 0.5% but no more than 1.5% if the most recent actuarial valuation shows the System to be at least 90% funded and the provisions of the increase is not projected to cause the funded ratio to be less than 85%.
- Mortality among contributing members, service retired members, and beneficiaries
 - For Males and Females: RP-2000 Healthy Combined Mortality Table projected to 2022 adjusted for partial credibility setback for two years
- Mortality among disabled members
 - For Males: RP 2000 Disabled Mortality Table, set back three years, with mortality improvements projected by Scale BB to 2022.
 - For Females: RP 2000 Disabled Mortality Table, set forward two years, with mortality improvements projected by Scale BB to 2022

^{*}Total Wage Increases include 3.25% general wage increase assumption

Note 9 - Retirement plans - TRS - Continued

Discount Rate - 78a, 78b, 78d

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities will be made based on the Board's funding policy, which establishes the contractually required rates under Montana Code Annotated. In addition to the contributions the State general fund will contribute \$25 million annually to the System payable July 1st of each year. Based on those assumptions, the System's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2126. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. No municipal bond rate was incorporated in the discount rate.

Target Allocations - 78c, 78e, 78f

| | Target | | Long-Term Expected Portfolio |
|-----------------------------|----------------------------|--|--------------------------------|
| Asset Class | Asset Allocation (a) | Real Rate of Return Arithmetic Basis (b) | Real Rate of Return* (a) x (b) |
| Domestic Equity | 35.00% | 6.05% | 2.12% |
| International Equity | 18.00% | 7.01% | 1.26% |
| Private Equity | 10.00% | 10.53% | 1.05% |
| Natural Resources | 3.00% | 4.00% | 0.12% |
| Core Real-Estate | 7.00% | 5.65% | 0.40% |
| TIPS | 3.00% | 1.40% | 0.04% |
| Intermediate Duration Bonds | 19.00% | 2.17% | 0.41% |
| High Yield Bonds | 3.00% | 4.09% | 0.12% |
| Cash | 2.00% | 0.78% | 0.02% |
| | 100.00% | | 5.54% |
| | | Inflation | <u>2.50%</u> |
| | Expected ar | rithmetic nominal return | 8.04% |

^{*} The assumed rate is comprised of a 2.50% inflation rate and a real long-term expected rate of return of 5.00%.

The long term capital market assumptions published in the Survey of Capital Market Assumptions 2019 Edition by Horizon Actuarial Service, LLC, yield a median real return of 4.91%. Based on this information, the Board's adopted assumption of 5.00% for the real return is reasonable. Combined with the 2.50% inflation assumption, the resulting nominal return is 7.50%.

Note 9 – Retirement Plans – TRS - Continued

| | 1.0% Decrease (6.50%) | Current Discount Rate | 1.0% Increase (8.50%) |
|-------------------|--------------------------|--------------------------|--------------------------|
| The Employer's | | | |
| Proportion of Net | | | |
| Pension Liability | \$89,260 | \$65,260 | \$45,153 |

In accordance with GASB 68 regarding the disclosure of the sensitivity of the net pension liability to changes in the discount rate, the above table presents the net pension liability calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1.00% lower (6.50%) or 1.00% higher (8.50%) than the current rate.

Summary of Significant Accounting Policies – 79

The Teachers' Retirement System prepares its financial statements using the accrual basis of accounting. For the purposes of measuring the Net Pension Liability, deferred inflows of resources and deferred outflows of resources related to pensions, pension expense, information about the fiduciary net position of the Teachers' Retirement System (TRS) and additions to/deductions from TRS's fiduciary net position have been determined on the same accrual basis as they are reported by TRS. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. TRS adheres to all applicable Governmental Accounting Standards Board (GASB) statements.

TRS' stand-alone financial statements, actuarial valuations and experience studies can be found online at https://trs.mt.gov/TrsInfo/NewsAnnualReports

Note 10 - Post-Employment Benefits Other Than Pensions

<u>Plan Description</u>: Pursuant to the provision of MCA 2-18-704, former employees who retire from the County, and eligible dependents, may continue to participate in the County's health and hospitalization plan for medical and prescription coverage. The County subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at the blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The Plan does not issue separate stand-alone financial reports.

<u>Funding Policy</u>: The County has not advanced-funded or established a funding methodology for the annual Other Post Employment Benefit (OPEB) costs or the net OPEB obligation. The plan is financed on a pay-as -you-go basis.

Note 11 - Risk Management

The County faces a considerable number of risks of loss, including:

- a) damage to and destruction and loss of property and contents;
- b) professional liability;
- c) environmental damage;
- d) workers' compensation (i.e., employee injuries);
- e) prisoner medical costs;
- f) medical insurance costs of employees;
- g) tort actions; and,
- h) errors and omissions.

Notes to the Financial Statements Year Ended June 30, 2020

Note 11 - Risk Management - Continued

A variety of methods is used to provide insurance for these risks. Commercial policies (except vehicle fleet coverage) transfers all risk of loss, except for the deductible amounts, are purchased for property and content damage, employee torts, and professional liabilities. Coverage limits and deductibles on the commercial policies are periodically reviewed so that the County is adequately insured. Settled claims resulting from these risks have not exceeded the commercial insurance coverage in any of the past three years.

The insurance premiums for comprehensive coverage are accounted for in the comprehensive insurance special revenue fund. Fleet coverage premium is allocated to each specific fund based on usage. The County Workman's Compensation insurance is through Montana State Fund. Workers' compensation premiums are allocated to each specific fund based upon personnel.

The majority of the County's coverage was switched to the Montana Association of Counties (MACo) insurance program on July 1, 1995. The County still maintains its boiler coverage, and some professional liability policies, outside of this program, on commercial policies. The program provides the following coverages: property, general liability, auto liability and physical damage, public officials' errors and omissions, law enforcement liability, and crime. The County maintains sufficient coverage to meet the \$1,500,000 liability exposure imposed by State Statute.

The County is uninsured as to prisoner medical costs even though state law makes it liable for all medical costs incurred by prisoners while in the County's custody. In the fiscal period ending June 30, 2020, the County incurred \$301,470 in prisoner medical costs. The County also contracts with Planned Parenthood to provide health care and mental health services to both County inmates and State inmates. In the fiscal year ended June 30, 2020, the County expended \$950,554 for these services. The County receives a reimbursement for non-county inmates that the County houses. This is not a direct dollar reimbursement, but is built into the per diem rate paid by the State and other renters of the facility.

The County has no coverage for potential losses from environmental damages. The County has property located within a medium priority State Superfund site. The County is eligible for State aid, which should be adequate to fund any clean-up.

Beginning in 2015, the County has a fully insured health insurance program for the County's employees in which the County pays a monthly premium for this coverage and has no additional liability related to health insurance. This new program has not significantly reduced health insurance coverages from the previous year.

Note 12 - Deficit Fund Balance

The following nonmajor governmental fund has a deficit unrestricted fund balance at June 30, 2020:

Predatory Animal Control $\frac{\$ (1,474)}{\$ (1,474)}$ Total deficit fund balances \$ (1,474)

Year Ended June 30, 2020

Notes to Required Supplementary Information - PERS For the Year ended June 30, 2019

Changes of Benefit Term

The following changes to the plan provisions were made as identified:

2017:

Working Retiree Limitations – for PERS

Effective July 1, 2017, if a PERS retiree returns as an independent contractor to what would otherwise be PERS-covered employment, general contractor overhead costs are excluded from PERS working retiree limitations.

Refunds

- Terminating members eligible to retire may, in lieu of receiving a monthly retirement benefit, refund their accumulated contributions in a lump sum.
- Terminating members with accumulated contributions between \$200 and \$1,000 who wish to rollover their refund must do so within 90 days of termination of service.
- Trusts, estates, and charitable organizations listed as beneficiaries are entitled to receive only a lump-sum payment.

Interest credited to member accounts – Effective July 1, 2017, the interest rate credited to member accounts increased from 0.25% to 0.77%.

Lump-sum payouts

Effective July 1, 2017, lump-sum payouts in all systems are limited to the member's accumulated contributions rate than the present value of the member's benefit.

Disabled PERS Defined Contribution (DC) Members

PERS members hired after July 1, 2011 have a normal retirement age of 65. PERS DC members hired after July 1, 2011 who became disabled were previously only eligible for a disability benefit until age 65. Effective July 1, 2017, these individuals will be eligible for a disability benefit until they reach 70, thus ensuring the same 5-year time period available to PERS DC disabled members hired prior to July 1, 2011 who have a normal retirement age of 60 and are eligible for a disability benefit until age 65.

Required Supplementary Information - SRS Year Ended June 30, 2020

Notes to Required Supplementary Information - SRS

Changes of Benefit Term

The following changesto the plan provisions were made as identified:

2017:

Increase in SRS Employee and Employer Contributions, effective July 1, 2017:

- SRS employee contributions increase 1.25% from 9.245% to 10.495%.
- SRS employer additional contributions increase 3%, from 0.58% to 3.58%, for a total employer contributions rate of 13.115%.
- SRS employee contributions will return to 9.245% and SRS employer contributions will return to 9.535% when reducing the employee contribution and terminating the additional employer contributions will not cause the amortization period to exceed 25 years.

Second Retirement Benefit – for SRS

Applies to retirement system members who return on or after July 1, 2017 to active service covered by the system from which they retired.

- If the member works more than 480 hours in a calendar year and accumulates less than 5 years of service credit before terminating again, the member:
 - o is not awarded service credit for the period of reemployment;
 - o is refunded the accumulated contributions associated with the period of reemployment;
 - o starting the first month following termination of service, receives the same retirement benefit previously paid to the member; and
 - does not accrue post-retirement benefit adjustments during the term of reemployment but receives a Guaranteed Annual Benefit Adjustment (GABA) in January immediately following second retirement.
- If the member works more than 480 hours in a calendar year and accumulates at least 5 years of service credit before terminating again, the member:
 - o is awarded service credit for the period of reemployment;
 - o starting the first month following termination of service, receives:
 - * the same retirement benefit previously paid to the member, and
 - * a second retirement benefit for the period of reemployment calculated based on the laws in effect as of the member's rehire date; and
 - o does not accrue post-retirement benefit adjustments during the term of reemployment but receives a GABA:
 - * on the initial retirement benefit in January immediately following second retirement, and
 - * on the second retirement benefit starting in January after receiving that benefit for at least 12 months.
- A member who returns to covered service is not eligible for a disability benefit.

Required Supplementary Information - SRS Year Ended June 30, 2020

Notes to Required Supplementary Information - SRS - Continued

Refunds

- Terminating members eligible to retire may, in lieu of receiving a monthly retirement benefit, refund their accumulated contributions in a lump sum.
- Terminating members with accumulated contributions between \$200 and \$1,000 who wish to rollover their refund must do so within 90 days of termination of service.
- Trusts, estates, and charitable organizations listed as beneficiaries are entitled to receive only a lump-sum payment.

Interest credited to member accounts

• Effective July 1, 2017, the interest rate credited to member accounts increased from 0.25% to 0.77%.

Lump-sum payouts

• Effective July 1, 2017, lump-sum payouts in all systems are limited to the member's accumulated contributions rate than the e of the member's benefit.

Changes in Actuarial Assumptions and Methods

Method and assumptions used in calculations of actuarially determined contributions

The following Actuarial Assumptions were adopted from the June 30, 2018 actuarial valuation:

| General Wage Growth* | 3.50% |
|-------------------------------|---|
| Investment Rate of Return* | 7.65% |
| *Includes inflation at | 2.75% |

Notes to Required Supplementary Information - TRS

Changes of Benefit Terms:

The following changes to the plan provisions were made as identified:

The 2013 Montana Legislature passed HB 377 which provides additional revenue and created a two tier benefit structure. A Tier One Member is a person who first became a member before July 1, 2013 and has not withdrawn their member's account balance. A Tier Two Member is a person who first becomes a member on or after July 1, 2013 or after withdrawing their member's account balance, becomes a member again on or after July 1, 2013.

The second tier benefit structure for members hired on or after July 1, 2013 is summarized below.

- (1) **Final Average Compensation**: average of earned compensation paid in five consecutive years of full-time service that yields the highest average
- (2) **Service Retirement:** Eligible to receive a service retirement benefit if the member has been credited with at least five full years of creditable service and has attained the age of 60; or has been credited with 30 or more years of full-time or part-time creditable service and has attained age 55
- (3) Early Retirement: Eligible to receive an early retirement allowance if a member is not eligible for service retirement but has at least five years of creditable service and attained age 55
- (4) **Professional Retirement Option**: if the member has been credited with 30 or more years of service and has attained the age of 60 they are eligible for an enhanced allowance equal to 1.85% of average final compensation times all service at retirement. Otherwise, the multiplier used to calculate the retirement allowance will be equal to 1.67%
- (5) Annual Contribution: 8.15% of member's earned compensation
- (6) **Supplemental Contribution Rate**: On or after July 1, 2023, the TRS Board may require a supplemental contribution up to 0.5% if the following three conditions are met:
 - a. The average funded ratio of the System based on the last three annual actuarial valuations is equal to or less than 80%; and
 - b. The period necessary to amortize all liabilities of the System based on the latest annual actuarial valuation is greater than 20 years; and
 - c. A State or employer contribution rate increase or a flat dollar contribution to the Retirement System Trust fund has been enacted that is equivalent to or greater than the supplemental contribution rate imposed by the TRS Board.
- (7) **Disability Retirement:** A member will not be eligible for a disability retirement if the member is or will be eligible for a service retirement on the date of termination

Required Supplementary Information - For the Year Ended 06/30/2020

Notes to Required Supplementary Information - TRS - Continued

(8) Guaranteed Annual Benefit Adjustment (GABA):

a. If the most recent actuarial valuation shows that Retirement System liabilities are at least 90% funded and the provision of the increase is not projected to cause the System's liabilities to be less than 85% funded, the GABA may increase from the 0.5% floor up to 1.5%, as set by the Board.

HB 377 increased revenue from the members, employers and the State as follows:

- Annual State contribution equal to \$25 million paid to the System in monthly installments.
- One-time contribution payable to the Retirement System by the trustees of a school district maintaining a retirement fund. The one-time contribution to the Retirement System shall be the amount earmarked as an operating reserve in excess of 20% of the adopted retirement fund budget for the fiscal year 2013. The amount received was \$22 million in FY 2014.
- 1% supplemental employer contribution. This will increase the current employer rates:
- o School Districts contributions will increase from 7.47% to 8.47%
- o The Montana University System and State Agencies will increase from 9.85% to 10.85%.
- o The supplemental employer contribution will increase by 0.1% each fiscal year for fiscal year 2014 thru fiscal year 2024. Fiscal years beginning after June 30, 2024 the total supplemental employer contribution will be equal to 2%.
- Members hired prior to July 1, 2013 (Tier 1) under HB 377 are required to contribute a supplemental contribution equal to an additional 1% of the member's earned compensation.
- Each employer is required to contribute 9.85% of total compensation paid to all re-employed TRS retirees employed in a TRS reportable position to the System.

Changes in actuarial assumptions and other inputs:

The following changes to the actuarial assumptions were adopted in 2019:

• The Guaranteed Annual Benefit Adjustment (GABA) for Tier Two members is a variable rate between 0.50% and 1.50% as determined by the Board. Since an increase in the amount of the GABA is not automatic and must be approved by the Board, the assumed increase was lowered from 1.50% to the current rate of 0.50% per annum.

Required Supplementary Information - For the Year Ended 06/30/2020

Notes to Required Supplementary Information - TRS - Continued

The following changes to the actuarial assumptions were adopted in 2018:

- Assumed rate of inflation was reduced from 3.25% to 2.50%
- Payroll growth assumption was reduced from 4.00% to 3.25%
- Investment return assumption was reduced from 7.75% to 7.50%.
- Wage growth assumption was reduced from 4.00% to 3.25%
- Mortality among contributing members, service retired members, and beneficiaries was updated to the following:

For Males and Females: RP-2000 Healthy Combined Mortality Table projected to 2022 adjusted for partial credibility setback for two years.

The tables include margins for mortality improvement which is expected to occur in the future.

• Mortality among disabled members was updated to the following:

For Males: RP 2000 Disabled Mortality Table, set back three years, with mortality improvements projected by Scale BB to 2022.

For Females: RP 2000 Disabled Mortality Table, set forward two years, with mortality improvements projected by Scale BB to 2022.

- Retirement rates were updated
- Termination rates were updated
- Rates of salary increases were updated

The following changes to the actuarial assumptions were adopted in 2016:

• The normal cost method has been updated to align the calculation of the projected compensation and the total present value of plan benefits so that the normal cost rate reflects the most appropriate allocation of plan costs over future compensation.

The following changes to the actuarial assumptions were adopted in 2015:

- Correctly reflect the proportion of members that are assumed to take a refund of contributions upon termination and appropriately reflect the three year COLA deferral period for Tier 2 Members.
- The 0.63% load applied to the projected retirement benefits of the university members "to account for larger than average annual compensation increases observed in the years immediately preceding retirement" is not applied to benefits expected to be paid to university members on account of death, disability and termination (prior to retirement eligibility).

Required Supplementary Information - For the Year Ended 06/30/2020

Notes to Required Supplementary Information - TRS - Continued

- The actuarial valuation was updated to reflect the assumed rate of retirement for university members at age 60 is 8.50% as stated in the actuarial valuation report.
- The actuarial valuation was updated to reflect the fact that vested terminations are only covered by the \$500 death benefit for the one year following their termination and, once again when the terminated member commences their deferred retirement annuity (they are not covered during the deferral period). Additionally, only the portion of the terminated members that are assumed to "retain membership in the System" are covered by the \$500 death benefit after termination.

The following changes to the actuarial assumptions were adopted in 2014:

- Assumed rate of inflation was reduced from 3.50% to 3.25%
- Payroll Growth Assumption was reduced from 4.50% to 4.00%
- Assumed real wage growth was reduced from 1.00% to 0.75%
- Investment return assumption was changed from net of investment and administrative expenses to net of investment expenses only.
- Mortality among contributing members, service retired members, and beneficiaries was updated to the following:

For Males: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back four years, with mortality improvements projected by Scale BB to 2018.

For Females: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back two years, with mortality improvements projected by Scale BB to 2018.

Mortality among disabled members was updated to the following:

For Males: RP 2000 Disabled Mortality Table for Males, set forward one year, with mortality improvements projected by Scale BB to 2018.

For Females: RP 2000 Disabled Mortality Table for Females, set forward five years, with mortality improvements projected by Scale BB to 2018.

Required Supplementary Information - For the Year Ended 06/30/2020

Notes for Required Supplementary Information - TRS

Method and assumptions used in calculations of actuarially determined contributions:

Actuarial cost method Entry age

Amortization method Level percentage of pay, open

Remaining amortization period 31 years

Asset valuation method 4-year smoothed market

Inflation 2.50 percent

Salary increase 3.25 to 7.76 percent, including inflation for

Non-University Members and 4.25% for

University Members;

Investment rate of return 7.50 percent, net of pension plan investment

expense, and including inflation

NON-MAJOR SPEICAL REVENUE FUNDS

Special revenue funds account for resources and expenditures which are designated by law or contractual agreement for specified functions or activities and are legally required to be accounts for in separate funds. Such resources are derived from specific taxes, federal grants, and entitlements.

<u>Road Materials-</u> A rural levy that purchases road materials for road improvements.

<u>Bridge/County Roads/-</u> Responsible for constructing, maintaining, and repairing County owned public bridges and roads.

Weed Control- Established to finance the Noxious Weed Control Board operations.

NON-MAJOR DEBT SERVICE FUNDS

The debt service funds account for the accumulation of resources for the payment of principal and interest on general obligation debt and rural improvement district debt.

<u>Fair Imp G.O. Bonds-</u> Established to account for levy revenues & debt service payments on the fairground improvement General Obligation bond issue.

<u>Adult Detention G.O. Bonds-</u> Established to account for levy revenues & debt service payments on the Adult Detention Center General Obligation bond issue.

<u>County Compensated Absences-</u> Established to set aside monies for employees that are retiring or leaving the County. This money is used to pay for the employee's accrued vacation and sick leave.

<u>R.I.D</u> (<u>Rural Special Improvement District</u>) Revolving- Set up to establish a Rural Special Improvement District Revolving Fund.

<u>RID</u> (<u>Rural Special Improvement District</u>) #39 – <u>Sun Prairie Road</u>- Monitor repayment of Rural Special Improvement District #39 Bond – Sun Prairie Road.

<u>RID</u> (<u>Rural Special Improvement District</u>) #40 – <u>Huckleberry Drive-</u> Monitor repayment of Rural Special Improvement District #40 Bond – <u>Huckleberry Drive-</u>

<u>Gannon/Flood Road RID (Rural Special Improvement District)</u> - Monitor repayment of the Intercap loan for the district.

<u>Whitetail Lane RID (Rural Special Improvement District)</u> – Monitor repayment of the Intercap loan for the district.

<u>Bob Marshall RID (Rural Special Improvement District) #53-</u> Monitor repayment of the Intercap loan for the district.

INTERNAL SERVICE FUNDS

The internal service funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the County on a cost reimbursement basis.

<u>County Printer-</u> Established to provide for printing services to County departments.

<u>Self-Insurance-</u> Established to account for County Revenue and payments to self-insured health insurance plan. <u>Fleet Maintenance-</u> This fund was established to track the costs of the County's fleet maintenance department and the activities of the painter and carpenter.

STATISTICAL SECTION

This part of the Cascade County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplemental information says about the County's overall financial health.

| Contents | Page |
|---|------|
| Financial Trends | |
| These schedules contain trend information to help the reader understand how the | |
| County's financial performance and well-being have changed over time. | 289 |
| Revenue Capacity | |
| These schedules contain information to help the reader assess the County's most | |
| significant local revenue source, the property tax. | 294 |
| Debt Capacity | |
| These schedules present information to help the reader assess the affordability | |
| of the County's current levels of outstanding debt and the County's ability to issue | |
| additional debt in the future. | 298 |
| Demographic and Economic Information | |
| These schedules offer demographic and economic indicators to help the reader understand | |
| the environment within which the County's financial activities take place. | 301 |
| Operating Information | |
| These schedules contain service and infrastructure data to help the reader understand how | |
| the information in the County's financial report relates to the services | |
| the County provides and the activities it performs. | 303 |
| | |

Cascade County Notes to Schedule of Expenditures of Federal Awards June 30, 2020

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the Cascade County under programs of the federal government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Cascade County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Cascade County.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass- through entity identifying numbers are presented where available.

Note 3 - Indirect Cost Rate

Cascade County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4 - Subrecipients

Of the federal expenditures presented in the schedule, the County provided no awards to subrecipients.

Note 5 - Outstanding Federal Loans

The County has no federal loan obligations as of June 30, 2020.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of County Commissioners Cascade County Great Falls, Montana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Cascade County (the "County"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Cascade County's basic financial statements, and have issued our report thereon dated May 17, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cascade County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weakness or significant deficiencies and therefore, material weakness or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a significant deficiency.

Control Over Financial Reporting and on
Compliance and Other Matters Based on an
Audit of Financial Statements Performed in
Accordance with Government Auditing
Standards
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Responses to Findings

Cascade County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Cascade County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of County Commissioners Cascade County Great Falls, Montana

Report on Compliance for the Major Federal Program

We have audited Cascade County's (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended June 30, 2020. The County's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on the Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

on Compliance for Each
Major Federal Program and
on Internal Control over
Compliance Required by the
Uniform Guidance
Page 2

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Cascade County

Schedule of Findings and Questioned Costs

2. Audit Findings in Relation to Financial Statements

Controls over Information Technology

2020-001

Criteria or Specific Requirement: Management should coordinate the development and use of information technology (IT) systems for reporting purposes. Audit standards require the auditor to obtain an understanding of the IT system, including the role of IT in initiating, authorizing, recording, processing, and reporting transactions. In using prior period information, audit standards require the auditor to perform additional procedures beyond inquiry, such as observations or walk-throughs of relevant systems.

Condition: During our audit, we attempted to update our understanding of the County's controls over their information technology (IT) systems through inquiry and other procedures. We were only allowed to make inquiries of IT staff. Additionally, we discovered during our inquiries that the IT department has access to change, add, and delete information within the County's financial accounting system without management approval.

Context: We conducted inquiries with the County's IT department and finance management. No further testing or corroboration could be performed as we were unable to obtain supporting documentation from the IT department.

Effect: The County may not have adequate controls over their information technology systems that would ensure the true representation and reporting of financial data. Unauthorized changes or entries could be made within the financial accounting system and could be material in nature.

Cause: The IT department would not provide supporting documentation. Priority was not given to ensuring IT personnel do not have access to the County's financial accounting system. *Auditor's Recommendation:* Governance should restrict IT access to the County's financial accounting system. Documentation should be provided to auditing staff that allows them to gain an adequate understanding of the County's controls systems.

View of Responsible Officials: See corrective action plan.

3. Audit Findings in Relation to Federal Awards - None

2020 Audit Findings Corrective Action Plans

2020-001 Controls over Information Technology

While the county recognizes the desire of the auditors to be able to make a comprehensive examination of Cascade County's IT security infrastructure, we must respectfully decline.

The finding indicates concern over the ability of certain members of the IT staff to manipulate information "within the County Financial system without management approval." This is a factual statement, but it lacks context. Cascade County IT procedures are structured so that each member of the IT staff is required to log out of their routine operational credentials and log in under a different set, to execute administrative level changes to the system or data. It is inherent in any software system that there must be administrative level/system level users in order to install software patches, create custom reports and perform maintenance level process on the system. In Cascade County, there are two individuals who have access to this administrative level via a second set of credentials.

IT staff has been instructed to work with the software provider to identify any logs that could be provided to the Auditors going forward that would show when these elevated access rights were utilized as well as the purpose of the access.

As to the broader question of providing documents regarding the overall security protocols, methods, and procedures in use by Cascade County, those will not be provided as that would itself be a breach of our security protocols. The Financial information contained within the Cascade County computer system represents only a portion of the data protected by our security systems.

Among the other critical data on the system which lies outside of the purview of the financial auditors is Confidential Criminal Justice Information that is governed by federal laws, processes, and procedures. Accordingly, it is these security standards that Cascade County must adhere to rather than those suggested by fiscal audit standards.

Cascade County is routinely audited, and penetration tested by the appropriate federal and state security agencies in order to maintain our Confidential Criminal Justice Information Network (CJIN) certification. These include but are not limited to the following authorized governmental security agencies:

Federal Bureau of Investigations: Last onsite audit was performed on 6/14/2017 Montana National Guard: Last onsite audit was performed on 10/11/2018 Department of Homeland Security: Last audit was performed on 8/19/2019
State of Montana Legislative Audit Division: Last onsite audit was performed on 2/18/2020
Department of Justice: Last onsite audit was performed on 02/23/2021
Department of Homeland Security: weekly network penetration / vulnerability assessments
We are currently scheduling another onsite Homeland Security Audit for 2021.

Given the requirements imposed by these organization regarding the security of our systems it would not be appropriate to provide the auditors with documentation as to the security of our systems. However, the auditors are welcome to view sanitized executive summaries of the reports we receive from these auditing agencies.

In attempting to convince Cascade County staff that they have the right to view the withheld information, the auditors have cited Montana Code Annotated §2-7-508, but the Cascade County Attorney has opined that this interpretation of the statute is incorrect. In their opinion, the county is under no obligation to provide any information that might compromise system security to private auditors.

Cascade County

Summary Schedule of Prior Year Audit

Findings June 30,2019

| Finding 2019-001 | Correction of an Error— Implemented |
